ALDRICH ON STAND TOLD OF LORIMER

Denies Hines' Story That Administration Was For Illinois Senator.

CLEARS SITUATION FOR TAFT

Former Rhode Island Senator's Testimony Features Inquiry—White House Statement on Affair is Given.

Washington, July 20.—The story of the administration's attitude toward the election of Senator Lorimer, as told by former Senator Nelson W. Aldrich, of Rhode Island, and the activities of R. J. Shields, of Superior, Wis., an insurance agent, in collecting affidavits from witnesses in the investigation, featured the Senator Lorimer Committee hearing today.

Instead of sending Edward Hines, the Chicago lumber man to Springfield with word from the Washington administration that Lorimer should be elected, Mr. Aldrich testified that he told Hines that President Taft was not supporting the candidacy of any one, but that Lorimer was not objectionable to him. The former Senator said he had told Hines previously that the President had no objection to Albert J. Hopkins or Henry S. Boutell for the senatorship.

A statement from the White House last March in regard to the election was read to the witness. The only point concerning which he said he knew nothing was the declaration that a request had been made on the President to sign a telegram stating his views on Lorimer's candidacy.

The White House statement given out March 29th, was as follows:

"The fact with reference to the President's relation to Senator Lorimer's election is this:

"That during the tariff fight gentlemen came to him and expressed their interest in passing the tariff bill; and said that it had been suggested from Illinois that it would be wise for the President to express an opinion in favor of the election of Mr. Lorimer. He did not know Mr. Lorimer well, although he knew that he was an influential member of Congress, but he did know Hopkins. He knew very little about Illinois politics, but expressed a desire that there should be two Republican senators from Illinois but when asked to put that in the form of a telegram, urging the election of Mr. Lorimer, he declined to do so.

"The statement by Mr. Hines that the President was anxious for and was urging the election of Mr. Lorimer is wholly unfounded."

C. F. Wiehe, secretary of the Edward Hines Lumber Company, said Shields had collected the affidavits of witnesses, who testified yesterday that Wiehe did not remark to William Burgess on the Winnipeg Flyer last March that he subscribed $10,000 to a Lorimer election fund. Wiehe stated that no arrangement had been made to pay Shields anything but that he had asked him to collect the affidavits "just as I would ask a senator to hand me a fan."

He said that Shields spent two weeks traveling in Kansas, Iowa, Northwest Canada and Washington to locate the witnesses.

The witness said that Shields had drawn upon the lumber company for his expenses, but he did not know how much they were. He offered to furnish the information later.

For an hour Wiehe was questioned as to whether Shields represented the Hines company in Wisconsin politics and how it happened that Shields would leave his own business to hunt up evidence for others without some kind of an arrangement about compensation.

Wiehe knew nothing of Shields' political activities for the company, but called attention to the statement that Shields got about $4,000 out of the Hines company as insurance premiums. He stated he expected to pay Shields if he presented a bill.

Wiehe said he had Shields come to Chicago about ten days ago in order to ask him if he had much trouble in locating the witnesses. Wiehe denied that he wanted more information as to what the men would testify because, he explained, he had their affidavits. Wiehe said he could not assist the committee in locating Shields.

THE MISSING ENSIGN.

Father of Young Man at Concord But No Tidings.

(Special Star Telegram.)

Concord, N. C., July 20.—It is generally understood here that Dr. Robert S. Young has given up at least for the present the search for his missing son, Ensign Robert S. Young, Jr, who disappeared from the torpedo boat Perkins, in the Brooklyn Navy Yard, last week.

Dr. Young passed through the city last night en route from Norfolk to Atlanta where his wife is in a hospital with a more or less serious case of sickness. He has exhausted every effort to find some trace of his missing boy but knows no more now than when he left here about a week ago for New York city in search of him.

Valdez, Alaska, July 19.—A heat wave struck Alaska yesterday, the temperature in Valdez rising to eighty degrees.

FAMOUS AUTO DRIVER KILLED

Louis Strang, Winner of Many Exciting Races, Crushed to Death Under Car—Accident Occurred at Blue River, Wis.

Milwaukee, Wis., July 20.—Lewis Strang, well known automobile driver, who has driven in races in various sections of the United States, was instantly killed today near Blue River, a village about 20 miles from Richland Center, while piloting the machine of the technical committee on the Wisconsin Auntomobile Association's annual reliability run. The tour was from LaCrosse to Lancaster, a distance of about 128 miles.

Early reports were to the effect that Strang was going along at a good speed when, in endeavoring to avoid a collision with a passing team, the car plunged over an embankment, pinning Strang to the ground. Later advices, however, indicate that the car was running at only about four miles an hour, and the team was going in the same direction. Strang turned aside, but the bank suddenly gave way. The car slid down the embankment, turning turtle, and Strang, reluctant to jump, went under to his death.

The embankment was scarcely more than five feet high. The body of Strang was taken to Blue River.

Strang broke an arm about the middle of June, during a race at Kenosha, and it is thought this weak arm may have contributed to a lack of control of the car. Lewis Strang was 26 years old and was born in New York. He was the winner of the circular track mile at Birmingham, Ala., in 1907, and made a mile record in Nasaville. He was a winner in 1908 at Savannah, in a road race; also at Lowell, Mass.; at Brighton Beach and at Savannah, Ga. In 1909 he won at Ormond Beach, making 100 miles in 94 minutes. In 1910, on the Indianapolis motor speedway, he drove a quarter-mile record in eight seconds, making 119 miles an hour; one kilometer, 22 seconds; five miles, in 3 minutes 17 seconds.

DUKE'S FATHER-IN-LAW GUILTY.

Leander S. Rochelle Convicted of Retailing in Durham Court.

Raleigh, N. C., July 20.—Leander S. Rochelle, Brodie L. Duke's fourth and last father-in-law, was today convicted of retailing in Durham county court.

Before Recorder R. H. Sykes, Rochelle was tried in April and sentenced to six months. The case, alleging two half pint sales, began yesterday and ran through today. Judge Allen has not passed sentence yet.

The blind tiger special term of court, called Monday, has resulted in numerous convictions of the 60 alleged tigers caught on a midnight sortie three months ago. Four special detectives did the work and the officers made the arrests. Of the 45 tried, two have been acquitted. Judge Allen has been lenient with the few punished, giving as his reason the belief that the tigers are not the real offenders, but the servants of dealers further north.

Rochelle relied upon an alibi to rebut the contention of the State but failed. Last night the jury was allowed to separate and great fear was expressed by officers that some sinister influence might be brought to bear upon the triers, but when the case was resumed this morning for argument nothing had happened. It took but a short time to reach a verdict. Of the sixty tigers caught in that mid-night raid three months since, but two were acquitted. Ten are yet to be tried.

FATHER OF AGENT KILLED.

Knocked Down by Coast Line Train at Maxton Yesterday Morning.

(By Long Distance Telephone.)

Maxton, N. C., July 20.—S. O. Frostick, 70 years old, father of the agent at this place for the Seaboard Air Line Railway, was knocked down and instantly killed by an Atlantic Coast Line Railway train, bound north with watermelons, about 7 o'clock tris morning. Mr. Frostick was walking on the track, and being deaf, did not observe the train approaching when it struck him, crushing his head and killing him almost instantly. The funeral will be held here tomorrow afternoon.

The accident occurred about 200 yards from the station, near the veneer mill, where the A. C. L. and S. A. L. tracks cross. Mr. Frostick, it is believed, did not hear the train and stepped before the engine too late for the engineer to stop before reaching him. As soon as he was struck, the train was stopped and the dying man was taken immediately to the hospital, but he was dead in about 20 minutes. Mr. Frostick is survived by four sons and three daughters, nearly all of whom live elsewhere. All have been notified and expect to reach here in time for the funeral tomorrow.

COL. BOYKIN APPOINTED.

Becomes Assistant General Freight Agent of Seaboard Air Line.

Richmond, Va., July 20.—Circulars issued today announce the appointment of Col. H. M. Boykin to be assistant general freight agent of the Seaboard Air Line Railway. He has been district freight agent heretofore His headquarters will remain in Richmond and he will assume his new duties August 1st.

Lumina Concerts Sunday.

The feature of these concerts will be the soprano solos by Mrs. Pearson. The programme also contains "Tales from Hoffman," selection from "The Creation," by Haydn, "Sounds from the Sunny South," and many other fine numbers. **

RECIPROCITY FIGHT IS NEARING CLOSE

Today Marks Close of Debate on Important Measure in the Senate.

FARM STATISTICS ARE GIVEN

Senator LaFollette Will Explain His Amendments Today—Senator Bailey Made A Three-Hour Speech Yesterday.

Washington, July 20.—Only one more full day of debate on the Canadian reciprocity bill remains before the final vote is taken on the remaining amendments, and the measure itself. Into that day are to be crowded a number of speeches, including remarks by Senator LaFollette, Senator Smith, of Michigan, and many short speeches for or against the bill.

Senator LaFollette tomorrow will explain his amendments which propose a sweeping revision of the woolen and cotton tariffs. His address will be the chief one against the reciprocity bill in the closing hours of debate.

Today Senator Bailey held the floor against the bill for three hours, following a speech in its favor by Senator Jones, of Washington. Senator Bailey's speech was almost wholly an attack on the bill for its alleged injustice to the farming interests. He assured his fellow Democrats that he believed they would have difficulty in convincing farm voters that they had been treated fairly, when the duties on agricultural products were removed without corresponding reductions in the duties on common clothing. He denied the statements frequently made that the bill should be supported by Democrats because "it is a step in the right direction."

"If pursued to a logical conclusion," he said, "it leads to a time and a policy where the American farmer will be stripped of all advantages and left to the mercy of the beneficiaries of all tariff legislation."

Senator Smith, of South Carolina, urged the bill because of its general benefits to the country and because it marks a step toward the lowering of all tariff duties.

Features Reciprocity Debate.

Of market interest because of the many statements made during the Canadian reciprocity debate, was the census bureau's announcement today of the latest general farm statistics of the United States showing that land in farms more than doubled in value during the past ten years, having increased $15,252,788,000 or 118 per cent. In 1900 they were valued at $13,051,033,000 and returns of the 13th census show they are now worth $28,383,821,000.

Farm lands, farm buildings and farm implements of the country are valued at $35,859,663,000 compared with $17,357,425,000 ten years ago.

The number of farms in 1901 was 6,340,120 as compared with 5,737,372 in 1900, an increase of 11 per cent. The land increased in 1900 from 835,092,000 acres to 873,703,000 in 1910, or five per cent., but a larger increase, 15 per cent., is noted in improved acreage which in 1910 was 414,490,000 acres, and in 1910, 477,424,000 acres.

More conspicuous than the increase in the number of acres of farms has been the increase in the improved values of farm property. The land in farms rose in value from $13,051,033,000 in 1900 to $28,383,821,000 in 1910, an increase of 116 per cent., and during the same period the average value per acre of all land in farms rose from $15.60 to $32.59 or 108 per cent.

Farm buildings which in 1900 were valued at $3,556,614,000 were reported in 1910 as worth $6,294,025,000 an increase of 77 per cent. Form implements and machinery reports in 1910 as worth $1,261,817,000 and ten years previously as worth $749,778,000 show an increase of 68 per cent.

SETBACK TO SPORTSMEN.

New York Assembly Defeated Gittins Race Track Bill.

Albany, N. Y., July 20.—Sportsmen in hopes of reviving horse racing in New York State this year received a decided setback tonight when the Assembly by a vate og 53 to 63 defeated Gittins bill designed to relieve directors of race track associations from liability for gambling at race tracks carried on without their knowledge.

Another attempt probably will be made tomorrow to pass the measure as a motion to re-consider today's vote was adopted without comment and laid on the table.

Babylon, N. Y., July 20.—"In my opinion this means that there will be no revival of racing in New York this year," said August Belmont, chairman of the Jockey Club, when informed at his Long Island country home tonight of the defeat of the Gittins bill by the Assembly.

Washington, July 20.—All of the naval vessels engaged in the mimic war at the entrance of Long Island sound have been theoretically destroyed, if the reports of the fleet commanders are to be believed. Acting Secretary Winthrop called for reports upon the progress of the war game and today these came from Admiral Osterhaus, commanding the attacking "blue" fleet and from Commander Eberle, of the "red" defending fleet, each claiming a complete victory, involving the destruction of his antagonist.

CIVILIAN ARRESTED AT FORT

Charges Preferred Against Commandant at Caswell by A. W. Moore —Vaccine for Barium Springs —Echo of the Civil War.

Wilmington Star Bureau
Congress Hall.

Washington, D. C., July 20.—Because, as alleged, he assumed the Czar-like method of having a civilian arrested for selling watermelons at a higher price than he thought proper, Capt. H. L. Landers, commandant a. Fort Caswell, is in serious danger of being removed from the North Carolina fort. Senator Overman demanded of the Secretary of War today that this action be taken.

The Secretary promised to make a thorough investigation. A. W. Moore, a trucker, who resides near Southport, has been in the habit of selling his vegetables, etc., to the soldiers at the fort. It has been his custom to row across to the fort, sell what he had and return home. Last week, Moore started for the fort with a boat load of watermelons. When he landed he he was met by an officer who demanded to know who gave him the right to sell anything on government property. Moore then went to Captain Landers, according to his affidavit filed with Senator Overman, and the "All-Mighty Captain" told him he might sell his melons provided he did not charge more than 25 cents a piece. This was agreed to provided the melons were taken at the boatside. Later, some of the soldiers made a bargain with Moore to buy melons at 25 cents with an additional 15 cents added for delivery. When the captain heard of this he is alleged to have had the civilian placed in the guard house. Later Moore was released. He went to Captain Landers and demanded an explanation. Moore says in his affidavit that the captain informed him that he was eating his lunch at that time and when he finished, he would have to take a "nap" and, therefore, he had no time to talk to him. Moore then took the matter up with Senator Overman.

Through the efforts of Representative Webb, the Barium Springs Orphanage will be saved from $1,000 to $1,500 in the purchase of vaccine. The representative from the Ninth district today received a letter from Dr. John W. McConnell, of Davidson, saying that there was an epidemic of typhoid fever at the orphanage and asked that Mr. Webb intercede with the government to furnish vaccine. In less than an hour Mr. Webb had called on Surgeon Wyman and secured the promise from the government physician to have the vaccine furnished.

The Civil War bobbed up again in the Senate today. Senator Martin declared that Pickett's division at Gettysburg was composed entirely of Virginians. He said Senator Dixon was in error when he recently said that North Caralinians predominated in the charging column and the school text books were wrong. Authorities were read by Mr. Martin to show that while the supporting wings contained North Carolina regiments there were none in Pickett's division. Mr. Dixon said it was true that Pickett led but one column. In the assaulting columns combined there were, he said, 15 regiments of North Carolinians and 14 regiments of Virginians. He still insisted that historical truth had been distorted. The majority of the men who went up Cemetery Ridge were from North Carolina.

H. E. C. B.

WOLGAST-McFARLAND BOUT.

Fighters May Sign for 10 Rounds in Milwaukee Soon.

Milwaukee, Wis., July 10.—Ad Wolgast and Packy McFarland may yet be opponents here in a ten-round bout, in place of McFarland and Matt Wells. The latter pair have signed articles for a ten-round, no decision, after early in September, but the change may be made. The champion, Wolgast, has sent word to McFarland that unless he signs to meet in a ten-round go in Milwaukee he never will consider him as an opponent for a 20-round go on the coast later, and it is possible that Packey will accede to the champion's demands and sign up.

OUTLINES.

Louis Strang, the well-known automobile driver, who has won a number of races in the big events throughout the country, was crushed to death under his machine at Blue River, Wis., yesterday——Today will mark the close of the debate on the reciprocity bill, which will be voted upon in the Senate Saturday. Farm statistics were given out during debate yesterday——Senator Aldrich appeared before the Lorimer Investigating Committee yesterday and told the story of the attitude of the Taft administration toward the Illinois Senator's election. He declared the story told by Hines to be without foundation——The vote bill passed third reading in the House of Lords yesterday. The expected revolt against the measure did not materialize——Chairman Stanley, of the Steel Investigating Committee of Congress, yesterday made the surprising admission that after a personal investigation he had found that the Steel Corporation has a monopoly of the ores of the country.

New York markets: Money on call steady 2 1-4 to 2 1-2 per cent., ruling rate 2 3-8, closing bid 2, offered at 2 1-4. Flour steady, unchanged. Wheat firm, No. 2 red new 90 1-2 elevator and 92 f.o.b. afloat. Corn spot firm, export No. 2, 70 f.o.b. afloat. Oats spot quiet, standard white 48 1-2. Rosin quiet. Turpentine firm.

STEEL TRUST HAS MONOPOLY IN ORES

Surprising Discovery of Chairman Stanley After Investigation.

NO CONTROL OF COKING COAL

Light Thrown on Dealing of Corporation by Herbert Knox Smith—Speech of Judge Albert Gary —Features.

Washington, July 20.—The United States Steel Corporation in obtaining the Tennessee Coal & Iron Company and its Southern ore lands "cinched" its monopoly of the ores of the American continent and tied up available fields for independent concerns, declared Chairman Stanley, of the House "Steel Trust" Investigating Committee, at today's hearing.

Mr. Stanley made the surprising admission that he had discovered from his own investigation that the United States Steel Corporation has no monopoly of coking coal, but addressing his remarks particularly to Richard A. Lindabury, counsel for the Steel Corporation, he said that if he could say the same of the ore and transportation facilities controlled by the "trust" he would frankly do so.

The committee ineffectually sought light from Herbert Knox Smith, Commissioner of Corporations, whose bureau has been investigating the Steel Corporation since 1906 and has made public only a part of its report. The commissioner, standing on the Attorney General's interpretation of the law that no information could be made public without the President's authorization flatly refused to give the committee facts contained in a report not yet completed, relating particularly to cost sheets furnished by the Steel Corporation. He agreed that when the report is ready he would urge the President to make it public as soon as possible.

Chairman Stanley read a speech of Judge Elbert Gary, chairman of the board of directors of the Steel Corporation, made to the board at a meeting in 1906, relating to the government's investigation. In this Mr. Gary said:

"Our finance committee has been in close touch with this matter all the time. We have been in frequent and almost constant communication with Commissioner Garfield and more or less with the President himself concerning these matters.

"Up to date they have made no complaint of us whatever, but we do not know any better than you do what may be the future. We are trying to be frank, accommodating to the department, and we suppose we have an understanding that we will not be unnecessarily injured and that we will not wrongfully be charged without having an opportunity to show the facts."

Mr. Smith said he knew nothing about this matter. Representative Gardner, of Massachusetts, Republican, asked if Mr. Stanley meant to imply that President Roosevelt and Commissioner Garfield had been in collusion with steel trust officials. Mr. Stanley replied he meant to imply "umseemly activitiy" of the steel trust.

Discussing the steel trust's control of the coking coal, Mr. Stanley said:

"I have found on personal investigation that the firm of Jones and Laughlin control nearly as much of the coking coal in the Connellsville district as the 'steel trust" does. I am also informed that M. V. Thompson, owns a greater acreage of that coal than does the Steel Corporation and that he holds it for sale to independents as well as to the 'trust.'

"My investigation does not lead me to believe that the United States Steel Corporation has a monopoly of coking coal, but I am inclined to agree with the conclusion of the Bureau of Corporations that the corporation has a practical monopoly of the ores of this country."

Mr. Stanley referred to what he termed the "act of God" to relieve the independents in the discovery of self-fluxing ores in the South which developed the open hearth system and opened the way for competition with the Bessemer ores of the superior region controlled by the "trust." He said 80 per cent. of the open hearth ores were controlled by the Tennessee Coal & Iron Company.

"Were you directed by the President of the United States," Chairman Stanley asked Commissioner Smith "to investigate particularly the Tennessee Coal & Iron Company at the time the United States Steel Corporation sought to get control of the non-Bessemer ores of the South, before they did obtain them?"

"No, we did not investigate that matter at that time."

"Did you ever advise the President about the discovery of the open hearth process and the control of non-Bessemer ores by the Tennessee?"

"I do not think we ever talked to the President about it."

"Did the President ever ask the Department of Commerce and Labor to advise him as to the nature of the proposed merger between the Steel Corporation and the Tennessee Coal & Iron Company?"

"Not to my knowledge."

"It is not true in the light of the facts that when the United States Steel Corporation absorbed the Tennessee Company, the latter controlled the only ores that could enter into competition with Bessemer ores?"

"It controlled the most important bed of the Southern ores."

"If the Steel Corporation had a monopoly it practically cinched it through the absorption of the Tennessee Company, is that not true?"

Commissioner Smith said he did not want to commit himself and that all the facts in the bureau's possession would be submitted in due time. The committee will resume hearings next Monday.

NO FIGHT AGAINST VETO BILL

House of Lords Passed Third Reading of Parliament Bill—Revolt of Insurgent Peers Failed to Materialize.

London, July 20.—The House of Lords passed the third reading of the Parliament bill, otherwise known as the veto bill, without division today, after only three hours' debate. The revolt of the insurgent peers failed to materialize. All threats of the extremist lords to throw out the bill at this stage and precipitate a crisis proved a bluff. One solitary peer, Baron Stanmors, raised his voice to demand a vote, but found no supporters.

Lord Moreley, for the government, and Lord Lansdowne, leader of the opposition, repeated some familiar arguments for and against the measure. Lord Halsbury, leader of the extremists, threatened a fight if the House of Commons rejects the amendments.

The future of the measure may be predicted tonight with reasonable certainty. Premier Asquith, in the Commons on Monday will move the rejection of the lords' amendment en bloc. This done, the prime minister will announce that if the lords persist there will be no course open for him but to tender the King certain advice which will insure the passage of the bill. It would not be in accordance with constitutional etiquette to specify the nature of the advice, but every one will understand that this means the creation of liberal peers.

The House of Lords will meet on Wednesday or Thursday and Lord Lansdowne will move the acceptance of the bill, predicting its repeal as soon as the Unionists return to office. In addition to the extremists rally around Halsbury and vote for the rejection of the bill, Lord Lansdowne is expected to summon his followers to vote for it. It is not anticipated that Halsbury will find more than 50, perhaps not more than a score, to make the last stand, and the greatest constitutional revolution in almost a century will be accomplished.

The considerations have impelled the peers to swallow this bitter medicine—a desire to save their own caste from cheapening, to shield the King from an embarrassing position and to prevent the immediate enactment of extreme radical measures, such as home rule and the dis-establishment of the Welsh church. What the ultimate effect of the humiliation will be on the Unionist party lies in the future. That far-seeing leadership might have prevented it none denies. Who will be the final scapegoats is the question.

The scene today in the ancient chamber was more funereal than belligerent. Many peeresses and diplomats sat in the galleries, but there was nothing of a festive spirit which welcomes a great debate. The only dramatic touch was furnished by Lord Halsbury, whose voice, despite his 86 years, rang with passion and indignation as he denounced the passing of the old regime.

BEATTIE CASE IN RICHMOND.

Important Arrest Expected—Funeral Held Yesterday.

Richmond, Va., July 20.—There has been tense expectancy throughout the community all day with respect to the case of the murder of the beautiful young wife and mother, Mrs. H. C. Beattie, Jr., on the Midlothian turnpike Tuesday night. An important arrest has been made.

As 7 o'clock this evening a conference of officials was held at the home of Coroner Loving in Chesterfield county. The last hour of the conference was taken up in questioning young Mr. Beattie, the husband of the murdered woman, as to certain points, the nature of which was not disclosed. Mr. Beattie left for his home, and the official dispersed, some coming to Richmond and others going to their homes in the county.

No arrest is likely to be made tonight. The coroner's jury will re-assemble tomorrow morning. The evidence so far gathered will be made public at that time and an arrest is expected to follow the rendering of the coroner's verdict.

Funeral services over the body of the murdered woman were held in the Central Methodist church, Richmond, Southside, at 10 o'clock this morning. They were conducted quietly, although deep emotion was exhibited by the Beattie and Owen families and their connections and friends. The interment was in Maury cemetery.

TENTS FOR VETERANS.

Probably Impossible to Get Them for Reunion in Wilmington.

Washington, July 20.—C. N. Evans, of Wilmington, has wired Senator Overman to procure 800 tents and equipment for the Confederate soldiers who will camp at Wilmington on 29th and 30th, and three following days.

The Secretary of War told Mr. Overman that this would necessitate a resolution from both Houses of Congress. The time is so short that it may be impossible to get such a measure by Senator Heyburn, who is still fighting the South. Mr. Overman will do his best.

REVOLT IN HAITI BECOMES SERIOUS

Cape Haitien is in Hands of Rebels and State of Semi-Anarchy Exists.

AMERICANS ARE UNPROTECTED

Fighting Continued Throughout the Night, and Town Was Soon Captured—Little American Gunboat in Harbor.

Cape Haitien, July 20.—Cape Haitien is in the hands of the revolutionists, and the sole protection of Americans and other foreigners at this port is an American yacht which arrived here yesterday morning. The United States gunboat Petrel sailed from here several hours previous to the arrival of the yacht, leaving American interests unprotected, and when the yacht came into the harbor her owner, Mr. Dick, found the town in a state of semi-anarchy. The insurgents were rapidly approaching, and President Simon and his troops had left Fort Liberte for Port au Prince.

There were rumors, also that the cruiser Antoine Simon was on her way to bombard some of the ports. As is customary under such circumstances, most of the residents took isdes with the revolutionists, and soon the authorities were unable to check the disorders. Mr. Dick notified the officials that he would not permit any bombardment by Haitien warships, and would protect the foreigners.

Early last night fighting broke out in the streets. The search light of the yacht was kept playing on the house in which the Americans, who were brought in from working on the railroad had collected with their wives. The civic authorities aided in this work.

At daybreak, however, the government was overthrown; the revolutionists had occupied the town and streets were filled with excited men shooting at random. All the American women were taken aboard the yacht, while the foreign consulates were filled with refugees. These included generals who had opposed the resolution and the local authorities in protecting whom the French consul was slightly wounded.

A request was cabled to the United States authorities by the yacht owner for release from the bond given before leaving New York not to use arms, and an answer was returned that there was no authority for such release. The secretary has denied the right to protect the lives of Americans, but notwithstanding preparations were continued to afford such protection in whatever way was deemed advisable.

The whole American colony claimed immediate protection, and it is pointed out that serious results may follow, if permission is denied the American yacht owner to use the guns with which the vessel is supplied, in case of emergency, until the arrival of an American warship.

Cruiser Rushing to Scene.

Washington, July 20.—With only one little gunboat in the waters of Haiti to safegnard American interests, threatened by a formidable revolution that seems to be spreading hourly through the republic, the Navy Department is making a strenuous endeavor to rush adequate protection to the scene.

The fast scout cruiser Chester today was detached from the mimic war in Long Island sound an dordered to the theatre of real strife in Haiti. She will leave Admiral Osterhaus' "attacking" fleet tonight for coal, sailing for Cape Haitien probably tomorrow at a 20-knot clip. The trip will be made in about four days. The Des Moines left Boston today for Port au Prince. The voyage will consume a week. The Peoria is expected to leave San Juan, Porto Rico, tomorrow for Fort Liberte. With the Petrel, now at Gonaives, the United States, in the course of a week, will have four warships surrounding the little republic.

STOLE WHILE IN SLEEP.

Unusual Case of Chicago Woman—Terror to Neighbors.

Chicago, July 20. — Mrs. Bertha Frank was described by her husband, Jacob Frank, as a somnambulistic kleptomaniac in the municipal court today.

He testified that his wife, while walking in her sleep not only searched his trouser pockets and extracted small change, but quickly made nocturnal visits to neighbor's homes and rifled the pockets of sleeping occupants.

She was arrested last night while pilfering the trouser pockets of John Kelder. Other neighbors told today of losing small change while they slept.

The woman said she had no recollection of the matter, but admitted that she often walked in her sleep.

The woman will be examined by a physician.

Lumina Concerts Sunday.

The feature of these concerts will be the soprano solos by Mrs. Pearson. The programme also contains "Tales from Hoffman," selection from "The Creation," by Haydn, "Sounds from the Sunny South," and many other fine numbers. **

Boston	20	64	.238

Boston, July 20.—Pittsburg won twice from Boston today, the first game 6 to 3 to 13 innings and the second 9 to 5, the game being called at the end of the eighth on account of darkness. Griffin weakened in the 13th inning for the first game and three runs came in. In the second game Weaver lost control during the sixth inning and six men crossed the plate.

Pittsburg ..002 000 001 0004—6 12 2
Boston .....000 000 030 0000—3 10 3

Griffin, Perdue and Kling; Ferry, Camnitz and Simon; time 2:50; umpires Johnstone and Eason.

Second game:

Pittsburg .....010 016 10—9 12 2
Boston .....302 000 00—5 6 2

Hendrix, Steele and Simon; Weather, Pfeffer, Brown and Raridan; time 1:55.

Brooklyn, July 20.—Brooklyn took a long lead by batting over three runs in the first inning today but threw away the chance for victory by making costly errors. Suggs' batting helped Cincinnati to win.

Cincinnati .....000 020 200—4 3 0
Brooklyn .....300 000 000—3 4 3

Suggs and McLean; Scanlon, Ragan and Bergen; time 1:42; umpires Kiem and Brennan.

Philadelphia, July 20.—Chicago won today's game 4 to 3, largely on the hitting of Schulte who drove in one run and scored twice himself. Schulte's hits were a double, a triple and a home run. Both teams fielded in fine style, but double plays in which Doyle and Hofman starred and Archer's catching of Walsh off first base just before Beck made a home run kept the home team's score down.

Chicago .....000 102 010—4 7 2
Philadelphia ....200 000 100—3 3 0

Reulbach and Archer; Kink and Doolin; time 1:40; umpires Rigler and Finneran.

New York, July 20.—St. Louis won from the Giants today by driving Mathewson off the slab in the second inning. In an inning and a third the New York's star boxman yielded five hits and gave two passes. Crandall relieved him. The Giants played a plucky up-hill game and drove Sallee out of the box in the seventh. Murray got a home run, a triple and a single in four times up.

St. Louis .....232 100 000—8 11 2
New York .....001 002 200—5 7 0

Sallee, Harmon and Bresnahan; Mathewson, Crandall and Myers; time 2:08; umpires O'Day and Emslie.

St. Louis	63	60	.277

Cleveland, July 20.—Cleveland defeated Boston 8 to 7 in a game in which each team took turns at leading. Boston used four pitchers, Cleveland scoring the winning run off Wood in the ninth on Stovall's single, a pass, a wild pitch and Turner's single. LaJoie batted for Mitchell in the sixth and singled, driving in two runs.

Cleveland .....003 003 011—8 14 2
Boston .....000 001 411—7 13 2

Mitchell, Gregg and Fisher; Pape, Cicotte, Collins, Wood and Williams and Carrigan; time 2:16; umpires Perrine and Mullin.

Detroit, July 20.—New York outplayed Detroit today and by sensational base running was able to win 8 to 6, the game going into an extra inning. Mullen was hit hard and Willett replaced him. Chase scored from second on an infield out and Wolter scored from second on an infield hit.

New York .....102 120 0002—8 12 4
Detroit .....201 012 0000—6 12 4

Vaughan and Sweeney; Mullin, Willett and Stanage; time 2:19; umpires Egan and Connolly.

Chicago, July 20.—Callahan's long fly, his double, and daring base running, together with opportune hitting by his team mates, misplays by the visitors and sensational fielding by the locals gave Chicago the first game of the series with Philadelphia today 4 to 3. Bunched hits and a sacrifice gave the Philadelphians their runs.

Chicago .....100 120 001—4 10 0
Philadelphia ....010 200 000—3 9 2

Scott, Young and Sullivan; Bender and Thomas and Lapp; time 1:58; umpires O'Loughlin and Dineen.

St. Louis, July 20.—Lake pitched effective ball, while his team mates bunched hits and St. Louis shut out Washington 2 to 0.

Kill More Than Wild Beasts.

The number of people killed yearly by wild beasts don't approach the vast number killed by disease germs. No life is safe from their attacks. They're in air, water, dust, even food. But grand protection is afforded by Electric Bitters, which destroy and expel these deadly disease germs from the system. That's why chills, fever and ague, all malarial and many blood diseases yield promptly to this wonderful blood purifier. Try them, and enjoy the glorious health and new strength they'll give you. Money back, if not satisfied. Only 50c. at R. R. Bellamy's.

JUDGE AT 26 YEARS OF AGE.

Brilliant Career of Young North Carolinian in Oklahoma.

Judge and Mrs. H. C. Allen, of Wagoner, Okla., are guests at the Seasnore Hotel, Wrightsville Beach, where for some time they will enjoy the delights of Wilmington's famous seaside resort.

Judge Allen is a native of Bladen county, and recently returned to North Carolina to visit his father, Mr. Allen, who is a resident of Bladen. Judge Allen went to Oklahoma when he was about 19 years old, and although he is now only 26, he is a judge of the Oklahoma Circuit Court, corresponding to the Superior Court system of North Carolina. When a judgeship vacancy occurred in Oklahoma a year or so ago Mr. Allen aspired to it, and strong influence was brought to bear on the Democratic governor, Mr. Haskell, to secure his appointment. Former Congressman John D. Bellamy, of Wilmington, wrote a strong letter to Governor Haskell, with whom he has a personal acquaintance. The governor wrote Mr. Bellamy that Mr. Allen was an able young Democrat, but that he had promised the appointment to a previous applicant.

The young North Carolinian's opponent was appointed, but in the last election Mr. Allen got the nomination at the hands of the Democratic party, and was elected judge over a Republican who contested with him for the honor.

This showed pluck in the young and able son of Bladen, but that only serves to illustrate the proverbial trait of all North Carolinians who go abroad and by force of character, genius and ability forge right into prominence.

Judge Allen had been in Oklahoma six years, and certainly, for one so young, he has achieved wonderful success, with splendid opportunities for a brilliant career ahead of him. He has the honor of being the youngest judge on the Oklahoma bench, and with practically all his life yet ahead of him, it is certain that he will be heard from in the future.

Not many young men have had the opportunity of the Bladen boy, and his career for one so young speaks all the more of his ability and popularity since he forged ahead for himself and made his own chances good.

ROBBER GETS HAMS.

Enters Store in Day Time—Another Attempted Robbery.

Probably the boldest of the numerous robberies or burglaries that have occurred recently was perpetuated Wednesday between 12 M. and 1 P. M., at the grocery store of Mr. H. L. Voilers, on Nutt street. Nine large hams and one box of "Sensation" tobacco were the articles missed. The doors of the store mere merely closed, not locked, and those connected with the establishment were at dinner at the time. It was likely a comparatively easy matter for the robber to make his way into the store and take whatever he desired, although it is a mystery how he managed to carry all the loot away unless he had a wagon.

Another attempt to enter a house was made late Wednesday morning at the home of Mr. John Sheehan, on Ninth street. Mr. Sheehan awoke and heard a noise as of some one trying to climb the lattice work outside the house at the back. He went to the window and looked out, where he saw a negro climbing up. Mr. Sheehan went back after his pistol, when Mrs. Sheehan awoke and made some noise, whereupon the negro fled. The negro had utilized some boxes for the purpose of getting a start and was climbing up the lattice in the rear of the house.

REACH SOUTHPORT TODAY.

Wilmington, Brunswick & Southern Railway About Completed.

(By Long Distance Telephone.)

Southport, N. C., July 20.—On account of the break-down of an engine used in the construction work, the rails for the Wilmington, Brunswick & Southern Railway were not laid into Southport today, being about half a mile from the town limits, but no loss has been suffered as the Board of Aldermen met in special session this afternoon and granted an extension of time until July 25th. President Z. W. Whitehead, who is on the ground and personally superintending the work, says that the road will be completed into Southport by tomorrow afternoon at 3 o'clock. The bonds of $15,000 issued to the road by the town of Southport were conditioned upon the completion of the road into town by 12 o'clock tonight, but the Aldermen very properly granted the necessary extension and within the next 48 hours the long expected scream of the locomotive whistle will be heard here.

Seaboard Industrial Agent.

An official circular from the office of Vice President Chas. R. Capps announces the appointment of Mr. J. A. Pride as general industrial agent of the Seaboard Air Line Railway to succeed Mr. J. W. White, resigned.

DR. NESBITT IS THREATENED

City Superintendent of Health Receives Anonymous Letter Threatening His Life If He Does Not Resign.

Dr. Chas. T. Nesbitt, city superintendent of health, was the recipient Wednesday of a cowardly and anarchist letter threatening his life provided he does not resign or vacate the position he now holds. Unlike most "black hand" epistles of warning the letter is adorned by no death heads, or other emblematic reminders of the brave writer's gory prowess, and again departing from the usual order, it is correctly spelled and the punctuation and form of expression show that it was written by a person of some education.

The letter was dated July 11th and the fact that it was received only yesterday may be an indication of the high character of its author's courage. Of course it was a risky thing to do and possibly it took some days for him to screw up his courage to the point of mailing it. It is written in a back hand scrawl and is signed by the terror inspiring term "Warning," giving emphasis to an even more pronounced slant than the body of the communication.

Dr. Nesbitt has turned the letter over to Postmaster Wallace and it is likely that a secret service man will be put on the case. The Federal laws impose a penitentiary penalty upon the writers of anonymous and threatening communications sent through the mails and it is sincerely to be hoped that the person who wrote the cowardly letter will be traced down and punished for his attempt to frighten and intimidate a public official in the discharge of his duties.

A copy of the letter, with the certification of Mayor Jos. D. Smith that it is a true copy of the one received by Dr. Nesbitt, is reproduced below: The original copy is now in the hands of the Postal authorities.

Wilmington, N. C., July 11, 1911.

Dr. Nesbitt, City.

Dear Sir:—If you think anything of the life which God has given you, I would advise that you vacate the position which you now hold for our city as the public can't and wont stand your unjust and foolish hardships which you are imposing on them. Let this be a sufficient warning for you. Yours,

(Signed) WARNING.

I hereby certify that this is a true copy of letter shown me by Dr. C. T. Nesbitt. JOS. D. SMITH,
Mayor

However, Dr. Nesbitt is not the man to be frightened by the threat of a coward who, lacking the manhood to come into open and express his views and opinions of the official's work, resorts to methods common to the lowest class of foreign thug that the country knows. The superintendent of health has expressed his views as to the threat and the writer of the threat pretty clearly in a reply which he makes public. Ordinarily, he would only regard the thing with amused contempt but that the public may know to what extent his enemies are going in their efforts to discredit his work, he has decided to make it public.

Dr. Nesbitt's reply to the "black hand" epistle is as follows:

To Whom It May Concern:

The above letter was received by me through the United States mails Wednesday, July 19th.

This letter illustrates the quality of mind which has no regard for human life when private interests and privileges are invaded. The common good of the citizens can make no appeal to this element. It is needless to say that this threat will have no influence on the future action of myself and the other officials in this department.

This communication will be turned over to the Postal authorities at once.

CHAS. T. NESBITT,
Supt. of Health.

It is a well-known fact that Dr. Nesbitt's efforts in the recent health campaign have made him enemies but it is hard to believe that in an enlightened age and a country supposed to be civilized a person with education could be found with so little manhood as to resort to the despicable method of trying to frighten an official, by writing an anonymous and threatening letter.

MELONS AND CANTALOUPES.

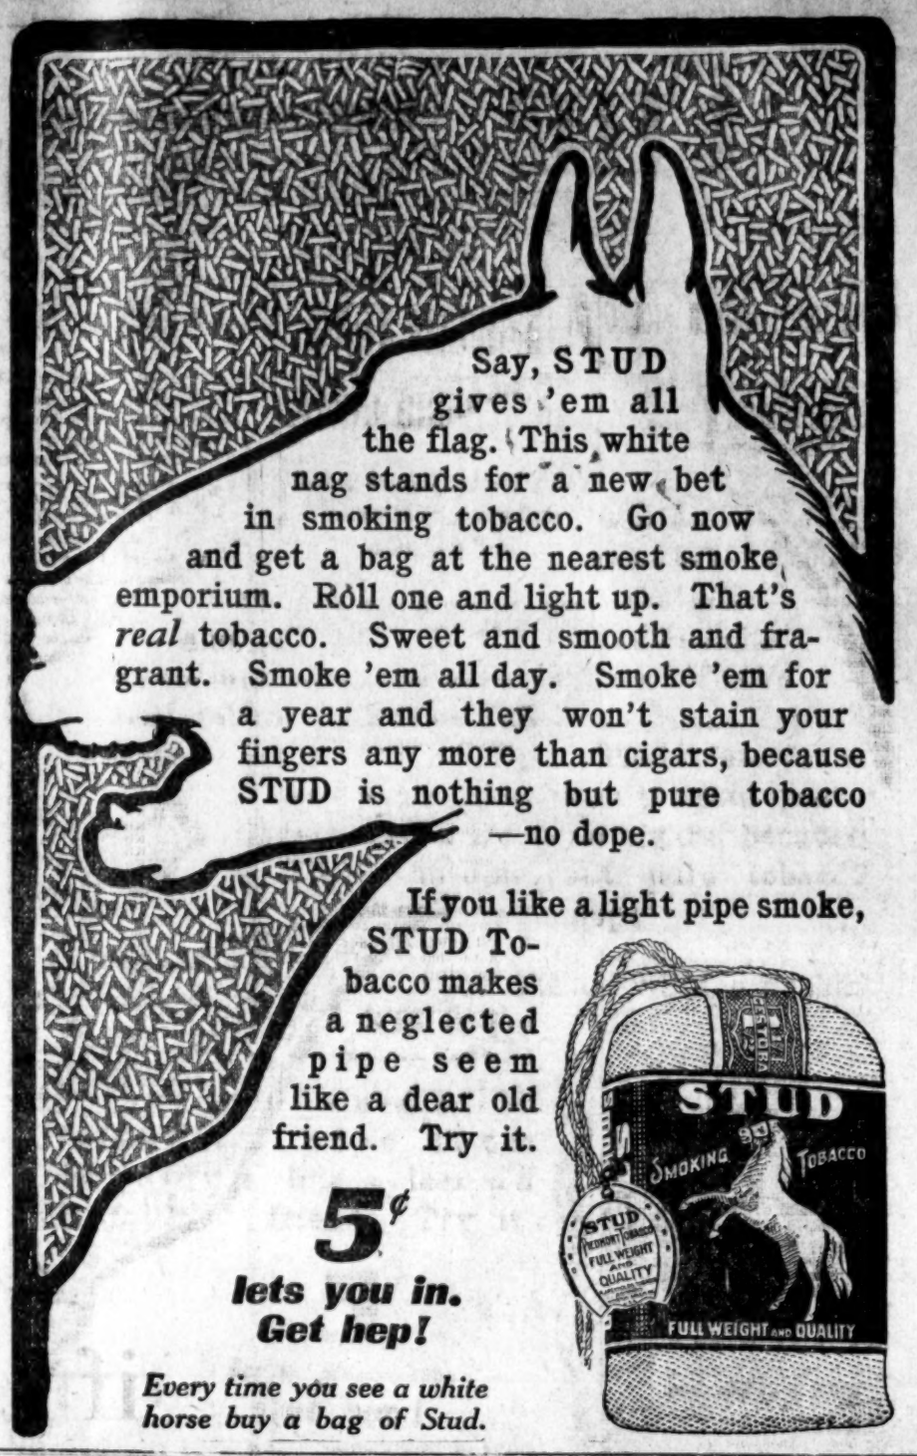
Receivers in New York File Complaint With Commission.

Washington, July 20.—Complaints against existing freight rates on watermelons and cantaloupes shipped from Southern points to Northern and Eastern destinations were made to the Interstate Commerce Commission today by more than 100 commission merchants of New York.

Recently the railroads made a slight reduction in rates on melons, but refused to deliver them in New York city, the deliveries, according to the tariffs, being made in Jersey City. The merchants declare they were then required to pay a lighterage charge equal to three times the amount of the reduction to get the melons from Jersey City to New York and Brooklyn.

Escaped With His Life.

"Twenty-one years ago I faced an awful death," writes H. B. Martin, Port Harrelson, S. C. "Doctors said I had consumption and the dreadful cough. I had looked like it, was enough. I tried everything, I could hear of, for my cough, and was under the treatment of the best doctor in Georgetown, S. C., for a year, but could get no relief. A friend advised me to try Dr. King's New Discovery. I did so, and was completely cured. I feel that I owe my life to this great throat and lung cure." Its positvely guaranteed for coughs, colds and all bronichal affections, 50c. and $1.00. Trial bottle free at R. R. Bellamy.



Say, STUD gives 'em all the flag. This white nag stands for a new bet in smoking tobacco. Go now and get a bag at the nearest smoke emporium. Roll one and light up. That's real tobacco. Sweet and smooth and fragrant. Smoke 'em all day. Smoke 'em for a year and they won't stain your fingers any more than cigars, because STUD is nothing but pure tobacco —no dope.
If you like a light pipe smoke, STUD Tobacco makes a neglected pipe seem like a dear old friend. Try it.

THE RECORDER'S COURT

Jim Brown Bound Over to Superior Court on Murder Charge.

After many postponements on account of illness of the State's chief witness, the case against Jim Brown, colored, charged with the murder of John Lane, another negro, came up in the Recorder's court yesterday morning and as a result of the hearing Brown was remanded to jail without bond to await trial at the term of Superior Court convening here next week.

It will be remembered that the coroner's jury exonerated the negro, on the ground that he did the killing in self-defense. However, Chief of Police John J. Fowler, as a magistrate, committed Brown to appear before the Recorder for further investigation. A negro by the name of William Collins was the chief witness for the State. The evidence of this witness is taken as the real basis of the charge of murder that is lodged against Brown. Collins' testimony was to the effect that Lane merely slapped Brown several times in the back yard of Taylor's grocery store, on Eighth and Castle streets, and that Brown left the yard muttering, with one hand in his pocket. The killing occurred a little later at the same place.

The evidence brought out at the coroner's investigation was to the effect that Lane started the difficulty by striking Brown several times and also kicking him, keeping up this rough treatment after Brown, who was the smaller of the two, had tried to evade him. When Lane resumed the cuffing and kicking, stabbed him over the heart with a pocket knife.

County Attorney Marsden Bellamy, Assistant City Attorney Geo. L. Peschau and L. Clayton Grant, Esq., prosecuted the case yesterday, while Kellum & Loughlin appeared for the defendant.

Several other cases of minor importance were tried yesterday.

W. Simon, a Syrian, who faced charges of carrying concealed weapons and being a nuisance, was let off on the payments of costs in each case. When arrested Simon had four razors on his person. He declared that he had only bought them and that he was on his way home when arrested.

Richard Evans and Lewis Richards, colored, were found guilty of shooting craps and were fined $5 and costs a piece.

The case against Walter Medway, colored, charged with the theft of a cart load of rice from the Seaboard freight yards, was continued.

San Antonio, Texas, July 20.—Foreigners arrived here today from Mexico in large numbers report that a state or anarchy reigns in Torreron, and the State of Coahuilla. They report the situation is critical and say they will remain here until some foreign power intervenes in Mexico.

Lumina Concerts Sunday.

The feature of these concerts will be the soprano solos by Mrs. Pearson. The programme also contains "Tales from Hoffman," selection from "The Creation," by Haydn, "Sounds from the Sunny South," and many other fine numbers. **

UPHELD CAROLINA VETERANS

Senators Dixon and Martin Talk About Civil War.

Washington, July 20.—Senator Dixon, of Montana, Republican, and Senator Martin, of Virginia, Democrat, brought their Civil War histories and an encyclopedia to the Senate today to settle the question whether Virginia or North Carolina troops figures the more prominently in Pickett's charge at Gettysburg.

Senator Dixon was born in North Carolina and asserted in the Senate Tuesday that the histories were all wrong about the charge of Pickett's "Virginians," that there were really more North Carolinians in the famous charge.

Today Senator Martin cited histories to show that Pickett's troops were Virginians; and Senator Dixon replied with citations to show that they were backed up by 15 North Carolina regiments. Senator Dixon said North Carolina had been "first at Bethel, last at Appomattox and furthest at Gettysburg," while Senator Martin thought he could say the same thing of Virginia Confederates. The controversy was finally dropped when the Senate got uneasy over a threatened renewal of Civil War memories.

Albany, N. Y., July 20.—Mat Wells, the English light-weight champion, won a popular decision over "Fighting Dick" Hyland, of California, in a fast eight-round bout tonight. Wells held the lead in all but two rounds, the seventh and eighth, when Hyland, having an advantage, landed hard body blows.

CHALMERS-MOTOR-CO. Detroit, Mich. U.S.A.

This monogram on the radiator stands for all you can ask in a motor car.

1912 CHALMERS "30"

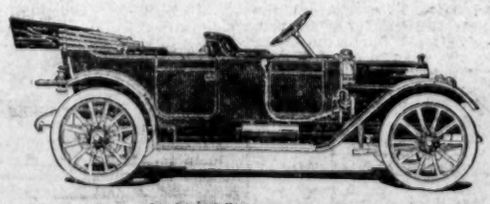
Fully Equipped, $1,500

Last year this car sold for $1,750, equipped with magneto, gas lamps, top and windshield.

Think of it this year—refined and improved in every possible way with thoroughly ventilated foredoor bodies, inside control, magneto, gas lamps, Presto-O-Lite tank, and including also Chalmers mohair top and automatic windshield—for $1,500!

We think you will agree that "claims" are unnecessary in view of such value at such a price. The facts are eloquent and convincing.

You have your choice of two, four or five passenger bodies, and four color schemes. We ask you to see these cars at our show rooms. Deliveries to customers begin at once.



CHALMERS "30," $1,500

Including magneto, Prest-O-Lite tank, gas lamps, oil lamps, top, windshield, ventilated fore-doors, horn and tools.

NOTICE OF MORTGAGEE'S SALE OF LAND.

Notice is hereby given that the undersigned mortgagee, under and by virtue of the power of sale, contained in a certain mortgage deed, executed to the undesigned by C. H. Carter and his wife, A. P. Carter, on the 7th day of April, 1910, and duly recorded in the office of the Register of Deeds of New Hanover County in Book 59, at Page 371, will, on the 15th day of August, 1911, at 12 o'clock, noon, at the Court House door of New Hanover county, sell at public auction to the highest bidder, for cash, the following described lots or parcels of land, conveyed by said mortgage deed, to wit:

First Tract: That certain lot of land beginning at the northeast intersection of Eighth and Orange streets, and running thence north along the eastern line of Eighth street, thirty-three (33) feet; thence eastwardly and parallel with Orange street, seventy-five (75) feet; thence southwardly, and parallel with Eighth street, thirty-three (33) feet to the northern line of Orange street; thence westwardly, along the northern line of Orange street, seventy-five (75) feet, to the beginning; being the western part of Lot No. 6½, in block No. 148, according to the official plan of the City of Wilmington, N. C., and being the same lot of land conveyed by deed from P. Q. Moore and wife to said parties of the first part, bearing date the 7th day of April, 1909, and recorded in Book 58, at page 250, in the office of the Register of Deeds of New Hanover county, aforesaid.

Second Tract: That certain tract, piece or parcel of land situate, lying and being in Pender county, State aforesaid, adjoining the lands of Giles Bryant and others, and bounded and described as follows:

Beginning at a stake near a large sweet gum in the edge of a branch on the line of the W. & W. Railroad Company's lands, and runs south 58 east, about 12 poles, to a large pine, a corner of Giles Bryant's two tracts; thence with said line south 58 east, 25 poles, to a maple stump; thence south 20 east, 24 poles, to a pine, a corner of Giles Bryant's land; thence south 20 east, 20 poles, to a stake on the side of a ditch; thence about north 67½ east, 22 poles, to an old pine stump; thence south 46 east, 26 poles, to a stake near a black gum in a meadow; thence south 54 east, 10 poles, to a lightwood stump and small pine; thence south 45 east, about 12 poles, to a stake in a meadow, a corner of the Morris Tate lands; thence north 40 east, 34 poles, to a small pine in the run of Williamson's Branch; thence up the run of said brinch north 49 east, 36 poles, to the head of said branch, a black gum; thence north about 53 west, about 120 poles, to a stake in the Railroad Company's line (the old James' corner); thence with said Railroad Company's line south 19 west, about 71 poles, to the beginning; containing forty-five and one-half (45½) acres, more or less.

Third Tract: Situate, lying and being in Bladen county, North Carolina, on or near Lyon Swamp, adjoining Haywood Corbett and others, beginning at a pine with 9 pines and two black oak pointers, and runs thence south 12 east, 2,850 feet to a stake; thence south 61 east, 1,380 feet to a stake; thence north 20 east 1,419 feet to a pine and pine pointers; thence north, 26 west, 2,244 feet to a stake; thence north 83 west, 990 feet, to the beginning, containing one hundred (100) acres, more or less, and being part of the tract of land conveyed to the parties of the first part by Max Meyers.

This, the 8th day of July, 1911.

E. G. CARRIER, Mortgagee.

MORTGAGE SALE.

By virtue of the power of sale contained in two certain deeds of mortgage, made by John Woods and wife, Mattie Woods, to the North Carolina Home Building Association, recorded respectively in Book 56, page 309, and Book 58, page 227, of the records of New Hanover County, the undersigned will sell, to the highest bidder, at public auction, for cash, on Tuesday, the 15th day of August, 1911, at twelve o'clock M., at the Court House door in the City of Wilmington, N. C., the following described property, to-wit: Beginning at a point on the north side of Rankin street, 165 feet East of Wood Street; runs thence Eastwardly with the Northern line of Rankin street 33 feet; thence Northwardly, parallel with Wood street 66 feet; thence Westwardly parallel with Rankin Street 33 feet; thence Southwardly parallel with Wood Street 66 feet to the beginning.

This 15th of July, 1911.

NORTH CAROLINA HOME BUILDING ASSOCIATION.
By John D. Bellamy & Son, Attorneys.

jy16-30t

NOTICE.

The delivery of the outfits for sanitary closets will begin about July 18th.

It is the desire of the Health Department to equip all premises as rapidly as possible. That area between Tenth street and the Cape Fear river; Castle street and the A. C. L. R. R., will be equipped first. Citizens owning property within this area are urged to file their applications for these outfits as soon as possible. The applications must state the location of each of the premises to be equipped, the name of present occupant, and owners. These applications will be filled in the order of their receipt and the outfits furnished as rapidly as possible in the same order.

CHAS. T. NESBITT,
Supt. Health.

FARMERS' INSTITUTE WORK

Six Parties to Take Field in August. Corn Crop in State—Marriage in Raleigh—Other Affairs at the Capital.

(Special Star Correspondence.)

Raleigh, N. C., July 20.—The lecturers and demonstrators who are to take part in the series of farmers' institutes that are to be held in nearly every county in the State during August, began a three days' normal institute here today for mutual "brushing up" in methods of institute work.

There are lecturers and demonstrators for six institute parties that are to start out in various sections of the State during the last week of July and be on the go throughout August. Farm Demonstrator T. B. Parker, of the State Department of Agriculture, is in charge of the normal work and is general director of the institutes to be held. During the opening exercises today there were special addresses by S. B. Heiges, on "The Farmers' Institute Worker"; Mrs. Henrietta W. Calvin, on "The Woman's Institute Lecturer," and by Dr. W. S. Rankin, secretary of the State Board of Health, on "The Institute Lecturer's Opportunity." There are being held separate meetings for the workers in institutes for farmers and for farmers' wives. All phases of institute work are coming in for attention as to the best methods of their presentation in the institutes, these matters being presented by experts.

The State Department of Agriculture figures that the corn crop in North Carolina has increased since 1906 from 41,769,846 bushels to 57,754,000 bushels in 1910, and by far the greatest increase in the crop is assured for 1911. The increase of 1910 over 1909 is put at over 6,000,000 bushels.

Wednesday morning at 11 o'clock there was celebrated the marriage of Miss Mildred McKee Jones, of this city, and Dr. G. R. Berkeley, of Norfolk, Va., the ceremony being at the home of the bride's mother, Mrs. Elizabeth C. Jones, on Newbern avenue, by Rev. Alfred Berkeley, of Mayoden, brother of the bridegroom. Miss Nannie Jones, sister of the bride, was maid of honor, Miss Lula Wynne, ring bearer; Mr. Graham Andrews, best man, the bride being given away by her brother, Mr. Alfred Jones. The special decorations for the wedding were very pretty and the affair especially pleasing in every particular. Mr. and Mrs. Berkeley have gone for a wedding trip North, after which they will be at home in Norfolk where Dr. Berkeley is a practicing physician.

There was a charter today for the Automatic Tufting Machine Co., Greensboro, capital $100,000 authorized, the incorporators being David Stern, E. R. Boyd and M. C. Wood. The company will put on the market a new patent in the way of tufting machines for upholstering work.

There has just been put in one of the most prominent parts of Christ Episcopal church here a handsome memorial window for Dr. E. Burke Haywood, who was a prominent physician here—a native of Raleigh, born in 1825 and died in 1894. The window represents "Christ as the Great Physician, healing the sick."

Dr. R. H. Lewis, of the State Board of Health, is out in a statement to the effect that Raleigh's present water supply—Walnut creek, a mile from the city, is not sufficient for the city's needs and that the Neuse river must be utilized. This is six miles away. He expects water famines, or threatened ones, will be frequent if this change is not made.

REMARKABLE LONGEVITY.

They Live Long in Buncombe County. Druggist Arrested.

(Special Star Correspondence.)

Asheville, N. C., July 20.—According to a good authority, a physician who is well acquainted with the country in question, the Reems Creek section, of Buncombe county, affords the most striking examples of longevity of any place in the State. Seven years ago this physician stated, there were 21 persons in this township who were over 80 years of age. Within that time 16 have died, leaving only five of the original number, but within that time, too, others have passed the 80th mark to the number of eight, making 15 now past that age. This statement was brought about by the recent death of Capt. J. M. Davis, of this section, at the age of 87 years. The physician was able to give the names.

Late Tuesday afternoon Charles B. Rhinehart, a registered druggist in Sewall's pharmacy, was acquitted in police court on the charge of selling whiskey to one, Giles Fawcette. A frame-up had been arranged by the police. Fawcette was searched for whiskey and prescriptions. He then entered the drug store and came out with some whiskey. At the trial, however, Fawcette was unable to identify Rhinehart positively as the man who sold him the whiskey.

A SPLENDID ACHIEVEMENT.

With its usual spirit of enterprise, the Charlotte Observer will issue Wednesday, July 26th, a special edition of about 100 pages, telling the story of the present condition and future possibilities of the territory of the two Carolinas between Greenwood, S. C., and Durham, N. C. It is the story of staff correspondents and illustrated and will be executed in the best mechanical style. This paper will be sold by all newsdealers and regular agents of the Observer at the regular price of five cents. Wrapped copies will be sent by mail postpaid from the Observer office in Charlotte to any address in the world for 10 cents each. News dealers and agents should send their orders in early. No matter where your friends live order copies of this edition sent to them. Send the names and addresses with remittance of 10 cents for each copy to the Circulation Department, The Observer Company, Charlotte, N. C.

Parson's Poem A Gem.

From Rev. H. Stubenvoll, Allison, Ia., in praise of Dr. King's New Life Pills

"They're such a health necessity,
In every home these pills should be."
If other kinds you've tried in vain,
USE DR. KING'S
And be well again." Only 25c. at R. R. Belamy's.

THE SENATORIAL PRIMARY

Possibilities of Situation Being Discussed at State Capital—May be Held With General Election—The Convention.

(Special Star Correspondence.)

Raleigh, N. C., July 20.—Just when and how the Democratic primary for United States Senator should be pulled off in 1912, the campaign for which is already in process of agitation the State over, is a much discussed topic at the State capital just now, along with possible complications that may arise.

There are those close to the State administration who believe that if there is a primary at all it should be held before the State convention next July and should include all the State officers as well as the United States Senator to succeed Senator Simmons. However, there is the check to this view that the question of holding a State-wide primary was put up to the recent Legislature and that body squarely refused to provide it as inexpedient for the Democratic party and in the light of the action of the representatives of the people and the party in the Legislature, the State Executive Committee would not be justified in ordering a primary, if it had the right to do so, which is disputed.

A view that is taken by men close to the party management is that the State convention should provide for the senatorial primary to be held at the general election, the primary vote for Senator being cast by Democrats at the same time that the general State ticket is voted in November. There is complaint against this course that the State ticket might get involved in the Senatorial fight and prove disastrous to the party ticket or some important features of it. To this the answer is that the State convention should lay down the rule for the primary that no one shall be allowed to vote for United States Senator except those who vote the straight Democratic State ticket, the State ticket to be voted before the voter is allowed to put in his vote for Senator.

There are numbers of people well experienced in politics who are free to express the fear that there will be no primary provided for after all, and that the whole Senatorial fight will be dumped on the 1913 Legislature where they fear that the fate of the contest in this State will be the same as complained of in many other good States that "the longest pole" (in a financial way), will get the persimmon. Yet all the candidates are committed to the primary plan and one will most likely be held, the details for subsequent primaries and for making the outcome as to actual nomination really binding, being considered of most vital importance so as to assure definite primary instruction for the Legislature when it assembles. Those discussing these matters express the highest confidence in the integrity of a North Carolina Legislature as a whole but they don't want to see this Senatorial contest turned into the Legislature in such shape as will make it possible for money to be used as an influence on any of the members and that it would be impossible for money not to play an important part in such a contest where there was a deadlock with a close vote, it being hardly possible to assemble a Legislature in any State with such high individual integrity that there would not be some purchasable individuals.

It looks like there is little liklihood of any material following coming to the advocates of a primary ordered by the executive committee before the July convention. And also there is every indication that the whole matter will be up to the State convention, where, with all the Senatorial candidates committed to the primary plan, there will be the certain calling of a primary to be held at the general election. The critical thing will be the safeguarding of this primary so as to keep to the minimum the consequent "wear and tear" on the party and at the same time avoid the possibility of the fight being ultimately carried to the Legislature.

OTTUMWA WOMAN CURED

By Lydia E. Pinkham's Vegetable Compound

Ottumwa, Iowa.—"For years I was almost a constant sufferer from female trouble in all its dreadful forms; shooting pains all over my body, sick headache, spinal weakness, dizziness, depression, and everything that was horrid. I tried many doctors in different parts of the United States, but Lydia E. Pinkham's Vegetable Compound has done more for me than all the doctors. I feel it my duty to tell you these facts. My heart is full of gratitude to you for my cure."—Mrs. HARRIET E. WAMPLER, 524 S. Ransom Street, Ottumwa, Iowa.

Consider This Advice.

No woman should submit to a surgical operation, which may mean death, until she has given Lydia E. Pinkham's Vegetable Compound a fair trial.

This famous medicine, made only from roots and herbs, has for thirty years proved to be the most valuable tonic and invigorator of the female organism. Women residing in almost every city and town in the United States bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound.

Mrs. Pinkham, at Lynn, Mass., invites all sick women to write her for advice. Her advice is free, confidential, and always helpful.

COURT IN COLUMBUS.

Recess Until Monday—Charlotte to Wilmington Highway—Notes.

(Special Star Correspondence.)

Whiteville, N. C., July 20.—Court adjourned yesterday at noon until Monday next. Judge Whedbee having caught up with the grand jury. This is making an unprecedented record in Columbus county in dispatching business at court. If our bench was filled with such rapid-fire officials as Judge Whedbee many thousands of dollars would be saved the taxpayers. A number of criminal cases were tried. The negro woman who killed another colored woman at Boardman was found guilty of manslaughter.

Mr. J. E. Dick, president of the Bank of Fair Bluff, was in town last night. He said that his town would raise $700 toward making a good crossing over the Lumber River Swamp, but the money was subscribed conditioned that Robeson county aided in the work. This was not complied with. But Fair Bluff is determined to have that highway, even if they must build the crossing themselves. Mr. Dick says the highway can then be extended both to Charlotte and Columbia, S. C. He thinks it is decidedly to the interest of Wilmington and Lake Waccamaw to have the highway built by Fair Bluff, as hundreds of people from the fine South Carolina counties would travel over it to visit the seaside resorts and our Lake.

Mr. J. F. Rogers, one of the leading tobacco men in the Eastern Carolinas, of Fair Bluff, says he is now convinced that the tobacco crop will turn out much better than at one time expected. Great interest is taken in the first sales to come off tomorrow.

Miss Emily D. Gayle, who has been visiting friends at Fort Leavenworth, Kan., will reach Wilmington tomorrow, from which city she will come on to Whiteville. Miss Gayle is a daughter of the late Lieut. Colonel E. E. Gayle, who died a few months ago in Washington City, and is a niece of Mrs. Burkhead, of Whiteville.

Col. D. J. Lewis is today moving out of his house, preparatory to having the same remodelled, and the old building will practically be torn down and one of the handsomest homes in Whiteville erected on the site.

MRS. ELIZABETH A. GRAHAM.

Passed Away at Wallace After Lingering Illness—The Funeral.

Wallace, N. C., July 20.—Mrs. Elizabeth A. Graham, of Wallace, N. C., widow of the late Dr. McL. Graham, died last night after a lingering illness of paralysis. She will be buried at Wallace this afternoon at 3 o'clock. She was in her 68th year and is survived by two sons and one daughter, Mrs. Henry A. Grady and Mr. A. McL. Graham, of Clinton, N. C., and Dr. B. R. Graham, of Wallace.

THE MORNING STAR

Published by the
WILMINGTON STAR COMPANY, INC.,
Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under Act of Congress, March 2nd, 1874.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.50 for three months; 50 cents for one month, served by carriers in the city, or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application, and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards of thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions, except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office, No. 51; Editorial and Local rooms, No. 61. Call either, if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will invariably be rejected unless the real name of the author accompanies the same, not necessarily for publication, but as a guarantee of good faith.

Friday, July 21, 1911.

The promulgation of the Eller letter plunged things into an Eller'v a stew.

Senator Terrell, of Georgia, is the kind of man who believes in standing from under so every tub can sit on its bottom.

Senator Heyburn isn't hurting anybody, but in order that he may not be offended if some notice is not taken of him, we will say, Oh, pshaw!

If we were the gentleman who inspired the famous lumber circular, we'd claim the credit on the ground that it took lots of wind out of the sails of Morehead and Butler.

"Should a business man run for office?" inquires a magazine writer. That depends upon whether or not he'll get hacked just as soon as they begin to prove something on him.

Senators from the North as well as from the South are satisfied they know what Senator Heyburn acts like, but the Senate is no fit place to mention certain ancestors of the mule family.

One thing that will make us take it mighty hard, will be to have some Republican come along with a kind of gloat and declare that the Democrats are liable to hurt themselves in the rough way they scramble over an office.

An Atlanta dispatch reports that a yeggman struck that town and tried to purchase beer with spurious money. The very idea! We were under the impression that if anyone could afford to spend real money it would be a yeggman or a malefactor of great wealth.

The New York Tribune announces that at Newburgh there is being made for President Taft a reed chair with a seat 24 inches wide and a back 30 inches high. The President no doubt is aware that Senator LaFollette and his insurgent attendants are practicing with the view of jerking that chair from under him when the Republican convention meets next year.

"The Passing of the Idle Rich" is the title of a new book by Frederick Townsend Martin. In order to add to the gaiety of nations, Fred has been invited to join the Reunion Club, of London, a dining society of which the Duke of Tech is president and most of its 150 members are peers. Doubtless they want to show him how hard the idle rich can work when they get a chance to "put him under the table."

We hate to see men wasting time and neglecting to study so they can keep up with the women. Young men should wake up to the fact that the girls are smart and liable to make them play second fiddle. At a civil service examination for seven different positions in Kansas City, Miss Edna G. Weaver, 20 years of age, held first place for six positions and second place for the seventh. If men don't "brush up," their wives won't let them come in the parlor when company drops in.

Although Dr. H. W. Wiley, the government food expert, is a Republican and technically violated a law, the Democratic press of the country insists on his retention in office because they believe in his integrity and know that he has been of great service and usefulness to the people. A few mistakes, or what some might think are mistakes, don't count when the full record of an official's patriotic service makes his short-comings look like mere specks on apples of gold. A man must be judged by the maximum of his splendid achievements as compared with a minimum of slips and baubles.

SEARCHING FOR POTASH.

The United States are anxious to find somewhere in this country a great deposit of potash so we can be independent of other countries, notably Germany, which practically has a monopoly of that natural product of the earth.

Germany has a mine of wealth in her immense potash and kainit deposits and she is supplying the world on terms dictated by government laws and regulations. The controversy between this country and Germany has been on account of the action of Germany in conserving her potash wealth and in enacting laws that make potash a cinch for Germans and Germany.

Of course, we have shut out Germany and other countries by our tariff laws and we have put a prohibitive wall around our markets and established all kinds of monopolies for America and Americans, but that doesn't keep us from recognizing that it is a great outrage for Germany to try to do like us. We have furnished many a gleeful chuckle to the Germans who laugh at us for getting nationally perturbed and set in a stew when she measures out to us after our manner of measuring out to other nations. In truth the Teutoons have a right to laugh at the way we go on when we get paid back in our own coin.

Nobody ever thinks of a little reciprocity with Germany in a matter involving all the agricultural interests of America, and we go right on denying liberal trade relations with other countries while shutting ourselves in so we can live off the home market, which means exploiting each other for all we are worth and then some. We are making ourselves ridiculous about our little old reciprocity deal with Canada, absolutely ignoring the broader field that we could secure by world-wide reciprocity.

Of course, the Canadian deal, even though it benefit several special interests, may give us a start in that direction, but we have all along refused to get off our nut on account of the Republican reciprocity game when the Democratic principle of revised and revenue tariffs will raise all the revenue the country needs, will relieve the masses of the people, and will expand our trade with the world, giving us open markets that are now shut out or that we shut out from us because we have been pursuing a dog in the manger policy.

The attitude that we occupy towards reciprocity with Canada is that it is an experiment worth trying, with results involving doubt and hope so far as general benefits will go. Owing, however, to the fact that it is a small affair and its modicum of success depends on its trial, we have positively declined to get gay enough over it to regard it as either derogating or establishing the party loyalty of Judge Clark, Governor Kitchin, Ex-Governor Aycock, or Senator Simmons, from among whom we are to choose a United States Senator on grounds of far greater scope than any deal that President Taft has made as his "only hope."

This hasn't got so very much to do with the potash question, but the subjects get mixed and bring on more talk in view of the elements that butt in at this time. We want it understood, however, that this is a potash article, aiming to show how we can go to work and help ourselves whenever any other nation discriminates against us in commerce or trade. The action of Germany in putting a protective wall around her potash has put us to work to try to find some potash of our own. Out West in what is known as the Great Basin region, we are going to bore deep into the unknown bowels of the earth in search of potash, which scientists reasonably believe nature has locked up from time immemorial.

The United States Geological Survey will begin its potash search at once, having purchased and shipped West a deep drilling outfit. The scientists tell us that inasmuch as potash is soluable and cannot remain on the surface as an outcrop, deep drilling is necessary to discover the presence of a deposit of this valuable commercial chemical. We also are told that we must be patient, as the methods of investigation will be slow and tedious. Germany's great potash field was discovered by an accidental excavation and perhaps we may yet find potash in that way if we do not discover it by the systematic and costly search of the Geological Survey.

We cannot help remarking that, just as we are resentful and determined to free ourselves from the Germanic close-fisted policy, just so about all nations of the world feel towards the United States for its stupidily illiberal trade policy under the Republican idea that we can shut out the world and trade each other out of our buttons and socks.

LOOK GOOD TO COL. BRYAN.

According to the Hon. Wm. J. Bryan's conception, the Democratic party has many eligible men for the Presidency. We were pretty well satisfied that there were lots of them, and it may as well be said that some Democrats we never heard of would make just as able a President as the Republic has ever had. If some men only had the opportunity they would go down in history neck and neck with the best of them.

In the last issue of the Commoner, Col. Bryan publishes a big list of men, who, he thinks, are big enough to be President. He includes two North Carolinians when he names Chief Justice Clark and the Hon. Hoke Smith, but there are a whole lot of others that would be right up in the front row with any of them. Among those eligibles to whom the Nebraskan gives special prominence are ex-Governor Folk, of Missouri, Governor Wilson, of New Jersey, and Speaker Champ Clark, the Missourian who looks big to Republicans as well as Democrats.

The Colonel also furnishes an additional list of choice selections for President and Vice President as follows: "Hoke Smith, of Georgia, and Governor Burke, of North Dakota; Marshall of Indiana, and Dix, of New York; or, if you please, Dix and Marshall; Governor Shafroth, of Colorado, and Governor Foss, of Massachusetts; Ollie James, of Kentucky, and Louis Brandeis, of Massachusetts; Judge Clark, of North Carolina, and Senator Pomerene, of Ohio; Senator Culberson, of Texas, and Senator O'Gorman, of New York."

In the above list and in Col. Bryan's opinion, Governor Harmon, of Ohio, is not to be thought of for a moment, although millions of people are still under the impression that the Ohio Governor is just about as big a possibility as there is in the bunch. However, as the Springfield Republican observes, those named are stamped with the seal of Bryan, and it's "James Burke, Judge Clark—almost anyone else, but not Harmon." In the opinion of the Nebraskan, Ohio's governor is a reactionary, in spite of the fact that Harmon has shown all sorts of signs of being what most any Democrat is. "Bryan seems to have made up a list in the chief purpose of making Harmon conspicuous by his absence," the Springfield paper remarks.

It must be understood that, although those named by Col. Bryan are capable of holding down affairs at the White House, they have to further qualify themselves by standing 19 tests, which he has promulgated in The Commoner. Here they are:

"Do you favor tariff for revenue only?

"Do you favor free raw material and the placing of a revenue duty only on manufactured goods?

"Do you believe in the revision of the tariff the element of protection should be given consideration?

"Do you believe that the three branches of government are co-ordinate and that each one should keep within its constitutional sphere?

"Do you approve the recent Standard Oil decision wherein the United States Supreme Court legislated the word 'unreasonable' into the Sherman anti-trust act?

"Do you favor the criminal clause of the anti-trust law or do you believe that in view of Supreme Court legislation Congress should make it clear that all restraint of trade is unreasonable?

"Do you favor the election of Senators by the people?

"Do you favor the income tax?

"Do you believe that it is the duty of the American people to promise independence to the Filipinos immediately and to give it in the same way in which they gave independence to the Cubans?

"Do you believe in the publicity of campaign contributions and expenditures both before and after election day, in order that the people may know in advance the character of support each party and candidate receives?

"Are you willing that the source of every dollar of contribution made to your campaign fund either after your nomination or during the contest for the nomination shall be made public prior to election day?

"Do you believe in the support of State governments in all their rights?

"Do you indorse the labor planks of the 1908 platform?

"Do you believe in the strict regulation of railroads?

"Do you indorse the Democratic platform of 1908 respecting trusts, wherein it declares that 'a private monopoly is indefensible and intolerable', and presents a remedy?

"Do you approve the plan known as the Aldrich currency system?

"Do you favor asset currency in any form?

"Do you believe in the establishment of what is known as a central bank?

"Do you favor legislation compelling banks to insure depositors?"

Of course, Col. Bryan has made it tough for the boys and unless they can answer and live up to every one of them just as he can, they may as well understand that they are not near as eligible as he is himself. Therefore, they are not in it with him. Since, however, Col. Bryan is not good at picking out things to "stand for" and "get in on," the eligibles will fight shy of them and be pretty apt to get scratched off the list for contempt of court and otherwise violating the rules of the management.

THE HAM-PRODUCING HABIT

Editor George W. Brunson, of the Greenville, (S. C.) News, is a good rooter for the pig club, to encourage which his paper has offered a prize of $50. It surely would pay the farmers of Greenville county to root for that wad, for those who do not get it will be sure of sausage, spare-ribs, hog and hominy.

If a Greenville ham could ever attain the superiority of a Pender county ham and make an epicurean's tongue loll with the double-extract of delirious satisfaction, those South Carolinians surely would get the hog-raising habit. We hope to see eastern North Carolina exporting the kind of ham that has the flavor and premier quality of those produced around Rocky Point. Boiled, fried, or cooked with vegetables, the feaster gets and enjoys the rich flavor of the succulent North Carolina ham, while a few slices dropped by a wise and thoughful cook into whatever is in the pan or the pot completes the climax of cuisine that is cuisine.

Finally, when Spring chicken is fried in batter or otherwise, a few slices of Pender ham thrown into the bargain, will brew the kind of gravy that will make everybody call in unison for rice, buttermilk biscuits and sliced tomatoes.

If the President wants to know who to fire and who not to fire, let him read the newspapers. The press as a whole never whitewashes and is always ahead of the investigating committees.

The proposed recall of Wilmington's councilmen, or any number of them, we are certain, is ill-advised, and the mere proposition will only serve to make Wilmington the laughing stock of the State. With only a few months in office—and pretty active months at that—the council has been given time to warrant judgment neither upon its acts of omission or commission. Whatever the motive and the hope behind the movement for a re-call, it is to be hoped that it will fail and fail utterly.

An Indiana bridegroom tried to bribe a newspaper man to go out of his way to write fulsomely of him in the account of the wedding. The newspaper man spurned the offer, knowing that all coming to a bridegroom is to give his name and mention that he wore a boutonniere. That is all that's necessary, for people can infer that he wore something else besides a little bunch of flowers. People love the bride and want to know all about her and her bridesmaids, and about the hats and dresses and the beauty on display. A bridegroom should know that he is nothing but the innocent by-stander.

CURRENT COMMENT.

Governor and Senator Hoke Smith, of Georgia, was born in Newton, this State, September 2, 1855. Envious South Carolinians and Virginians may now proceed to say the meanest things they can think of.—Greensboro Telegram.

The North Carolina Senatorial campaign is upholding the traditions of warfare in dog-days. With the Madison Herald affectionately referring to one of the aspirants as a jackass and ripping another up the back as a traitor to his party, an enlivening contribution is made to political turmoil which has for some time been simmering.—Kinston Free Press.

We clip from yesterday's Star a red hot item of political news. It is to the effect that Mr. Godwin will retire and support the Duke of Brunswick. There is one thing that may be said about this. If George gets to Congress and should get into the Speaker's chair—it will take some considerable time to oust him. There can be no doubt but Mr. Godwin will retire all right.—Maxton Scottish Chief.

Of course, the Wilmington Star pulled trigger too quick. That Representative Godwin would voluntarily retire in favor of the Duke of Brunswick, or any other armored knight, was not to have been expected, and Godwin's friends make haste to set The Star straight. He will be a candidate to succeed himself and if he is ousted by the Duke or anybody else, he will have to be pried out.—Charlotte Chronicle.

Another very substantial evidence of the growing importance of the port of Wilmington is to be seen in the recent action of the Seaboard Air Line directors in voting and additional $200,000 for improved terminal facilities there. This makes a total expenditure on warehouse, wharfage and trackage improvements by the Seaboard in Wilmington of $400,000. No better indication than that of the growing business of Wilmington could be desired. We believe it quite safe to say that Wilmington's commerce is increasing at a more rapid rate than that of any Atlantic port.—Charlotte Chronicle.

It is a matter of regret that the great power plant at Blewett's Falls is to have one unfortunate item to its credit—the financial ruin of a North Carolina man who put his money in the initial venture. In consequence of the judgment secured by the Knickerbocker Trust Company of New York, against Mr. William E. Worth, of Wilmington, for $30,000, for alleged unpaid subscription on stock in the old company, Mr. Worth's affairs are now in the hands of Mr. Marsden Bellamy, receiver. Yet, if it had not been for Mr. Worth's money, this great enterprise might never have been undertaken.—Charlotte Chronicle.

The Chronicle is free to confess that it has been in favor of the retention of Senator Simmons in Washington for the influence for good he has been able to wield for the South in general and for North Carolina in particular. We have told him and we have told our readers, that we regret his vote on the reciprocity bill. He was dead wrong there, but we believe he was honest in his convictions. We are not championing his re-election, but we love to see fair play. The Wilmington Star gives expression to some sentiments entirely to our liking when it says: "Let North Carolina Democrats see that this loyal Democrat and useful representative of this State in the United States Senate gets a square deal. Let us see that ex-Governor Aycock, Governor Kitchin and Judge Clark also get a square deal." And that is just it. No matter the preference of a paper in the senatorial race, it should treat the other candidates decently and fairly. The Chronicle has said nothing bad of any of the four candidates. It has said what of good it could say of each of them. This is a time for the newspapers of the State to weigh their words.—Charlotte Chronicle.

With Senator Simmons and Governor Kitchin both facing a broadside from the columns of the News and Observer, the senatorial race in North Carolina has taken on a peculiar situation. It is now evident that advance notices of the famous "Eller" letter were sent to Northern papers. While it may be politics, yet the drawing out of Judge Clark to get Aycock in the race and then following with hot shots at the senior senator and the present executive seems that the entire scheme was concocted and planned months ago. As this paper stated some time ago all the candidates for the toga are able men, and why should their names be dragged down when they have so ably represented the State in their individual official capacity. The News and Observer contends that it is absolutely necessary to have a trust law that is more than a mere pink tea affair, but upon this the people of the State are not agreed. For further prosperity the people must act upon conservative lines, and as long as our representatives and governors act likewise there should be no storm of dissent created by one newspaper, and there will be none. The situation has resolved itself into—not who is the best candidate for the senatorship—but who is the favorite, and then this favorite will be played to the limit. This may be Democracy, but it is not the kind that the people will stand for.—Durham Sun.

QUITE EXCEPTIONAL BARGAINS

at the Rehder Store during the July Clean-Up Sale. Keep Cool. Save Money and find Summer Needfuls at the Big Department Store.

Royal Worcester Corsets, short, with supporters, great values; sizes 19 to 2, at 49c

Baby's Voice

Every woman's heart responds to the charm and sweetness of a baby's voice, because nature intended her for motherhood. But even the loving nature of a mother shrinks from the ordeal because such a time is regarded as a period of suffering and danger. Women who use Mother's Friend are saved much discomfort and suffering, and their systems, being thoroughly prepared by this great remedy, are in a healthy condition to meet the time with the least possible suffering and danger. Mother's Friend is recommended only for the relief and comfort of expectant mothers; it is in no sense a remedy for various ills, but its many years of success, and the thousands of endorsements received from women who have used it are a guarantee of the benefit to be derived from its use. This remedy does not accomplish wonders but simply assists nature to perfect its work. Mother's Friend allays nausea, prevents caking of the breasts, and in every way contributes to strong, healthy motherhood. Mother's Friend is sold at drug stores. Write for our free book for expectant mothers.

FOURTH MEETING OF BOARD

Work of Equalizing Assessments of Property in County Continues.—Several More Changes—Beach Property.

The County Board of Equalization, which is charged with the responsibility of equalizing the assessments placed upon property throughout the county, will not finish its work until some time next week, although the body has already met for the fourth consecutive day and the fifth meeting is scheduled for this afternoon at 3 o'clock.

Monday was given over almost entirely to this work by members of the board and every day since the afternoons have been spent in hearing complaints of persons who thought their assessment too high and in considering assessment placed on other property where no complaint had been entered. Many changes have already been made, some reducing slightly the assessments, while others are a substantial increase over the assessment.

Owing to the fact that changes have and are being made on both sides of the ledger, so to speak, it is not believed that the total valuation of property in the county will be materially changed either way, but on the other hand, it is thought that the increase in the valuation of taxables in the county, including corporate excess, over last year, will be in the neighborhood of $1,000,000 as announced by Chairman McEachern a few days ago. This increase comes mainly from enhanced value of property in the rural districts, due largely perhaps, to the improved roads which penetrate practically every nook and corner of New Hanover. It is said that the increase in assessment in Wilmington is very small for the reason that there have been no public improvements to speak of with the exception of the rehabilitation and reconstruction of the waterworks plant. The streets have not been improved, nor has a sewerage system been installed so that the service might be extended to parts of the city not now served by the sewerage company. When these improvements are made the valuation of the city property will go up with a whoop on the tax books. This increase is already being looked forward to with considerable interest by the county solons and city officials. However, the gains in this county for the year, according to the estimate of the approximate increase, are in keeping with the gains made in some other counties in the State much larger than New Hanover county and having more taxables.

The board was in session for nearly three hours yesterday afternoon. Chairman Duncan McEachern presided and in attendance were Commissioners Vollers, Metts, Divine and Kerr, and County Assessor Thos. F. Bagley, also Mr. John Haar, the clerk. Just before adjournment it was decided to take up the matter of equalizing the property on Wrightsville Beach next Wednesday afternoon, when the entire board will meet at the beach for the purpose, and will invite the presence of Mayor Thos. H. Wright, of the Town of Wrightsville. Consideration of beach property will be given at the request of the property owners there as made through Hon. John D. Bellamy, who appeared before the body a few days ago. A committee composed of County Assessor Bagley, Commissioner Vollers and Township Assessor H. F. Wilder has been named to assess the value of the new Atlantic Coast Line warehouse.

Property of Marion and Emple Wright, in Harnett township, adjoining lands of Mrs. F. C. Poisson, which the assessor overlooked, was put on the books at $2,500. The assessment of property of W. S. Clayton in block 45 was changed from $650 to $550. A second application was made for a reduction of the assessment of land of J. Edwin Bunting, in Harnett township, and the board decided to let the assessment remain at $2,000. To correct a clerical error, the assessment of land of G. H. and Ella Ward, in Harnett township, was reduced from $1,000 to $700. The property of Boney & Harper Milling Co., on the wharf, was raised in assessment from $5,000 to $9,000; the Burriss estate in the same block from $16,000 to $18,000, while property of Capt. J. W. Harper on the wharf was increased from $18,000 to $22,000. The board decided not to take any action on request to reduce assessment on property of D. J. Padrick in block 51.

WORK ON POCOMOKE PLANT

New Fertilizer Factory on Northeast River Nearing Completion.

Work is progressing rapidly on the large plant of the Pocomoke Fertilizer Works, on the Northeast river, and it will be completed in time for the opening of the Fall season. The Pocomoke company in the past have had only a storage at this point and the new works will be a big addition to the fertilizer manufacturing interests at this port. The plant is located a short distance beyond Hilton bridge and a large force of workmen have been busy on the structure for some time. This will make the third large plant located on the Northeast beyond Hilton bridge, the other two being the Almont and Swift fertilizer works and the Navassa on Cape Fear river.

Souvenir Dance for Children.

Another popular Souvenir Dance for the children will be given at Lumina next Monday night. As usual on these occasions the children will be allowed to have the "floor" until 9 o'clock. The music will begin promptly at 8. A very large crowd is anticipated as a children's souvenir dance has heretofore brought forth much enthusiasm on the part of the older patrons of Lumina to say nothing of the delight experienced by the little ones. After 9 o'clock the "grown-ups" will be given the floor.

A Peek Into His Pocket

would show the box of Bucklen's Arnica Salve that E. S. Loper, a carpenter, of Marilla, N. Y., always carries. "I have never had a cut, wound, bruise or sore it would not soon heal," he writes. Greatest healer of burns, boils, scalds, chapped hands and lips, fever-sores, skin eruptions, eczema, corns and piles. 25c. at R. R. Bellamy's.

MR. SIMON EINSTEIN DEAD

Venerable Citizen Passes Away Following Shock Received in Street Car Accident Last Saturday Evening.

Mr. Simon Einstein, father of the Einstein brothers, the wholesale dry goods dealers, for the past two years a resident of Wilmington, having removed to this city from Kinston, where he lived for about 50 years, died at his apartments in The Carolina yesterday morning at 7 o'clock, following a period of almost continual unconsciousness since being knocked down by a street car Saturday evening at 8:30 o'clock while crossing Front street, near the Orton Hotel.

Shortly after being carried to his home in an automobile following the accident, paralysis developed and Mr. Einstein never recovered full possession of his faculties. Everything possible was done to prolong his life but his advanced age and enfeebled condition were factors which prevented his recovery and it soon became known that there was no hope. He sank gradually until the end yesterday morning.

Mr. Einstein, who was 78 years of age, came to this country from Ludwigsberg, Wurtemberg State, Germany, his birthplace, more than 50 years ago. He made Kinston his home for something like a half a century and there he founded a large wholesale dry goods business under the firm name of S. Einstein. Later this firm was known as Einstein Brothers, composed of the sons of Mr. Einstein. Two years ago the firm decided to remove to this city and it is now one of the largest and most important wholesale houses in Wilmington.

A successful business man, Mr. Einstein was a progressive and public spirited citizen as well, and was always keenly interested in public affairs. His frequent contributions to State and local papers were always read with much interest. In Kinston he was held in much esteem by the citizens of that city and, since coming here he had made a host of friends

The accident that ultimately resulted in Mr. Einstein's death occurred Saturday evening as he was crossing from the postoffice to The Orton Hotel. Mr. Einstein was deaf and it is likely that he neither heard nor saw the belt car approaching. He stepped squarely in front of it and though the motorman made every effort to stop the car, the distance was too short. The fender struck Mr. Einstein and knocked him to the ground. He was immediately taken to his home and given every attention, but his decline was steady and culminated in his death yesterday.

Mr. Einstein is survived by his wife, five sons, Messrs. Louis, Adolph, Edward, Arthur and Abel Einstein, all of this city, and four daughters, Mrs. R. F. Whitehurst, of San Francisco, Cal.; Mrs. Abel Schultz and Mrs. J. P. Taylor, of Wilmington, and Mrs. Maurice Dreyfuss, of New York. The grief-stricken widow and children will have the sincere sympathy of their many friends in their sad bereavement.

The funeral will be held this morning at 11 o'clock from the Temple of Israel and in the absence from the city of Rev. Dr. S. Mendelsohn the Rabbi, Rev. Dr. Meyerberg, of Goldsboro, will conduct the services. The active pall-bearers will be Messrs. M. W. Jacobi, M. J. Heyer, I. W. Solomon, Clayton Giles, Sr., Jacob Weil and Mayor Joseph D. Smith.

A testimonial of the love and esteem in which the citizens of Kinston held Mr. Einstein is the following telegram received yesterday from Mayor W. D. LaRoque, of Kinston, by members of the family:

"The people of Kinston mourn with you on account of the death of one of our most loyal and patriotic citizens."

AT MOORE'S CREEK.

Attractive Flyers Issued by Coast Line for Celebration Thursday.

The Passenger Department of the Atlantic Coast Line has issued attractive flyers announcing very low rates from all points on the A. & Y. Railroad on account of the annual celebration and unveiling of monument at the battleground, near Currie, N. C., next Thursday. The rate from Wilmington is 60 cents, leaving at 8:45 A. M., and returning at 7:16 P. M. The rate from Sanford, leaving at 5:35 A. M., is $3.25; Fayetteville, leaving at 7:10 A. M., $2.50; Autryville, leaving at 7:45 A. M., $2.00; Roseboro, leaving at 8:02 A. M., $1.70; Parkersburg, leaving at 8:20 A. M., $1.30; Garland, leaving at 8:29 A. M., $1.10; Tomahawk, leaving at 8:43 A. M., 90 cents; Ivanhoe, leaving at 9 A. M., 50 cents, with correspondingly low rates from all other points. On the return the train will leave Currie at 7:16 P. M., arriving at Fayetteville at 9:45 P. M., and Sanford at 11:10 P. M., stopping at all stations for the accommodation of passengers. Extra coaches will be provided to accommodate the crowds.

The refreshment stand on the grounds will again this year be in charge of Messrs. Glisson & Peterson and they will have a most attractive and inviting stock of everything usually carried on occasions of this kind.

Denver, Colo., July 20.—Suit was filed in the Federal Court here this afternoon by Special United States Attorney General S. W. Townsend against the American Smeltering & Refining Company for $2,500,000 damages for alleged conspiracy and fraud in acquiring 2,415 acres of coal lands in the Trinidad coal fields of the Pueblo land district.

THE SOUTHERN NATIONAL BANK
Wilmington, N. C.

SEEK RECALL OF COUNCIL

Dissatisfied Citizens Express Their Disapproval in Petition for a Change of Officials of the City.

Dissatisfied with the way the affairs of the city are being conducted, mostly because they feel their personal rights and privileges have been interfered with in the adoption and enforcement of certain ordinances, a movement for the recall of the Mayor and every member of the Council which has been in the process of development since the new form of government was formally inaugurated, took definite shape yesterday morning in the circulation of petitions for the signatures of those who would have an out and out change of administration. While the movement is by no means receiving the endorsement of everybody, it was stated last night that probably 700 or 800 names have already been placed on all the 12 petitions in circulation, it being estimated that eight out of every ten approached attached their names.

For some days there have been persistent rumors of an effort to recall the entire Council, using as a basis for this action the adoption of an ordinance which practically prohibits the keeping of cows anywhere in the city limits, while many other things, it was reported, which the Council has done, would also figure in the general statement of the grounds for removal of the body. These rumors were given for what they were worth in The Star Wednesday morning. There continued on Wednesday to be rumblings of what would be done, but those behind the movement desired the utmost secrecy and the fact that the petitions were put in final shape during the afternoon did not become generally known until yesterday morning, and then those who had the documents in their possession would not permit a copy to be made for the press nor would they say what the statement contained, other than that one ground was that the Councilmen had voted themselves the maximum salary of $1,900 a year, while some are continuing to give practically all their time to their private business. However, last night The Star was able to secure over the telephone a copy of the preamble as follows:

The Petition.

"To the Honorable Mayor and Council of the City of Wilmington and to the City Clerk and Treasurer:

"We, the undersigned duly qualified electors of the city of Wilmington, are entitled to vote for the successors of the incumbents hereby sought to be removed, demand an election for the successors to be held in accordance with the act creating the commission form of government of the city of Wilmington, North Carolina, ratified 3rd day of March, 1911, of the following Councilmen of said city, to-wit:

"Hon. Jos. D. Smith, Mayor and Councilman, Second Ward.

"B. C. Moore, Councilman, First Ward.

"W. E. Perdew, Councilman, Third Ward.

"P. Q. Moore, Councilman, Fourth Ward.

"M. G. Tiencken, Councilman, Fifth Ward.

"A general statement of the grounds for which said removal is that:

"First, said Councilmen as a body have passed unreasonable and oppressive ordinances preventing the merchants of said city from displaying their goods in an unobjectionable way on the streets of said city.

"Second, requiring all our citizens throughout the city to have stables laid in concrete and prohibiting the keeping of cows within a distance of 50 feet from any residence and even then unless having a stable with a concrete floor, thereby entailing great expense and forcing our people practically to abandon furnishing their own milk and patronizing exclusively the dairies.

"Third, an ordinance without regard to locality excluding keeping of hogs within the limits of the city, notwithstanding how sanitary they may be kept, even though the place of keeping be in the outlying and unoccupied territory within a half mile of any habitation.

"Fourth, also for the further reason that they have voted themselves a maximum salary of $1,900.

"Fifth, they have created useless and unnecessary offices—two city attorneys, a confidential advisor to the Mayor, etc.

"Sixth, Importing a civil engineer and a physician when the city has within its borders many highly educated, experienced and skilful engineers and physicians, all residents and tax-payers."

Number of Names Required.

The number of names required to secure a recall of the Councilmen is a mooted question and some lawyers contend that it will have to be determined in the courts, in which event the present movement would avail nothing practically. The trouble is in the wording of the sentence in the commission bill relative to the matter. It reads, "Equal in number to 35 per centum of the entire vote for all candidates for the office of Mayor at the last preceding general primary election." Whether this will be construed to mean what it says or what it was most likely intended to say is a question. The point has been made that in the last preceding general primary election there were 24 candidates in the race for Mayor and that it would be impossible to secure names to a petition equal in number to 35 per cent. of the entire vote. If it means the primary election two years ago, then only 35 per cent. of the vote cast for Capt. Walter G. MacRae and Mr. Martin O'Brien for Mayor two years ago, will be necessary to secure the recall.

In the event of enough names being placed upon the petition to secure the recall the election for successors to the incumbents could not be held until October 1st, and in the interim there would most likely be a change of mind among a great many of the signers and the election might result in sustaining and keeping in office the entire Council.

The Law.

The recall is provided in Section 20 of the commission bill, which is as follows:

"The holder of any elective office may be removed at any time by the electors qualified to vote for a successor of such incumbent. The procedure to effect the removal of an incumbent shall be as follows:

"A petition signed by electors entitled to vote for a successor to the incumbent sought to be removed, equal in number to at least 35 per centum of the entire vote for all candidates for the office of Mayor at the last preceding general primary election, demanding an election of a successor to the person sought to be removed shall be filed with the City Clerk and Treasurer, which petition shall contain a general statement of the grounds for which the removal is sought. The signatures to the petition need not all be appended to one paper, but each signer shall add to his signature his place of residence, giving the street and number. One of the signers of each such paper shall make oath before an officer competent to administer oaths that the statements therein made are true as he believes, and that each signature to the paper appended is the genuine signature of the person whose name it purports to be. Within ten days from the date of filing of such petition the City Clerk and Treasurer shall examine and from the Poll Books ascertain whether or not said petition is signed by the requisite number of qualified voters, and, if necessary, the Council shall allow him extra help for that purpose; and he shall attach to said petition a certificate showing the result of his examination. If, by the Clerk and Treasurer's certificate, it shall be returned to the person filing the same without prejudice, however, to its being filed again within ten days containing additional names; and without prejudice to the filing of a new petition to the same effect. If the petition shall be deemed to be sufficient the Clerk and Treasurer shall submit the same to the Council without delay. If the petition shall be found to be sufficient, the Council shall order and fix a date for holding the said election, not less than sixty days nor more than eighty days from the date of the Clerk and Treasurer's certificate to the Council that the petition is sufficient.

"The Council shall make or cause to be made, publication of notice of and all arrangements for holding said election, and the same shall be conducted returned and the result declared in all respects as are other city elections. The successor of any officer so removed shall hold office during the unexpired term of his predecessor. Any person sought to be removed may be a candidate to succeed himself, and unless he requests otherwise in writing the City Board of Election shall place his name on the official ballot for nomination. In any such removal election the candidate receiving the highest number of votes shall be declared elected. At such election if some other person than the incumbent shall receive the highest number of votes, the incumbent shall thereupon be deemed removed from the office upon qualification of his successor. In case the person who received the highest number of votes should fail to qualify within ten days after receiving notification of his election, the office shall be deemed vacant. If the incumbent received the highest number of votes, he shall continue in office. This method of removal shall be cumulative and additional to the method heretofore provided by law."

Opposed to Recall.

While some substantial citizens and fairly large tax-payers are known to be in sympathy with the movement to the extent of affixing their names to the petition, it is believed from what some of them had to say yesterday that the bulk of leading business men and larger tax-payers of the city are strongly against anything which would upset the city government at this time when it is just getting to the point where something of material and lasting benefit to the city can be accomplished. They pointed out yesterday that the Council as now composed is a constructive body and all they need is to be given a chance to show what they can do; that already more has been accomplished than was done by the last administration during the entire two years; that the improvement of Front street, where approximately $65,000 will be spent, is about to be begun as well as other street improvements; the sewerage question is to be settled right away and various other matters of moment are to be disposed of by the Council within a few weeks, and that the present movement, if prosecuted, can but mean a return to the old ruts until after the election in October, when the new Council, if there should be a new one, would have to start from the ground, so to speak, and work up, causing a delay in all public work of several months. They will use their influence against further efforts at recall at present.

It was rumored yesterday that while it was not set out in the general statement of grounds for removal, that one of the real reasons for asking for the recall is the adoption of the ordinance by the Council a few days ago giving the police the right to search all places which have United States license to sell whiskey or malt. A great many believe that it is really this influence which is behind the movement, although it remains in the background.

May Pass Cow Ordinance.

It was the concensus of opinion of the disinterested spectators at the Council meeting Tuesday when the matter was considered and deferred for action, that at the meeting next Tuesday the Council would vote to modify the cow ordinance as petitioned for by the friends and owners of cows, but in the light of subsequent developments it is extremely doubtful that there will be any change in the law. It is believed that a majority of the Councilmen would have voted to place the cow on the same basis as the horse rather than to have gone to the expense of an election to say nothing of the strife which it would engender. It is also believed by a great many that if many of the petitioners for modification of the cow ordinance had any idea of favorable action by the Council that some of the copies of the petition now in circulation would be in other hands and would not have quite all the signatures they now contain.

The Council is in a dilemma. The people have presented a strong petition asking that the ordinance be modified. On the other hand Dr. Chas. T. Nesbitt, who is using his best efforts to bring about a change in health and sanitary conditions, is urging Council to "stand by their guns" and declares to them that unless he is upheld in this ordinance that he might as well turn over his office to some one else for the objects he has set out to accomplish cannot be realized.

Dr. Nesbitt stated that he was under the impression that the Council is considering the matter of repealing the ordinance in order to still the troubled waoters. He said that there is no reason for the Councilmen to be afraid; all they need to do is "to stand by their guns." He stated emphatically that if the Councilmen lose their nerve and disturb the ordinance that there will be a vacancy in the health department, for he will tender his resignation immediately, taking the position that if the Council fails to sustain him one time they will do it again and again, making it useless to attempt to secure a healthier city. At the meeting Tuesday two of the three Councilmen were ready to vote for the change in the ordinance and since the meeting another member has been quoted as saying that he would rather grant the request than put the city to an election on the matter.

One of the signers of the petition for the change in the cow ordinance and who is taking an active part in the movement for a recall, stated last night that if the Council should grant the modifications in the law that he would be out and out opposed to a recall and would lend his efforts in behalf of the present Council.

The next few days give promise of developments in the situation.

Funeral of Infant.

The funeral over the remains of Lina Gray, the infant daughter of Mr. and Mrs. J. D. Kelley, whose death occurred Wednesday at 2:20 A. M., was held from the family residence yesterday morning at 10:30 o'clock. Rev. G. T. Adams, pastor of Fifth Street Methodist church, conducted the services and interment was made in Oakdale cemetery.

EMERGENT COMMUNICATION.

St. John's Lodge to Confer the Sublime Degree — Address.

Secretary A. S. Holden, of St. John's Lodge, No. 1, A. F. & A. M., has sent out notices of an emergent communication this evening of the lodge for the purpose of conferring the Sublime Degree of Master Mason. It is announced that Edward H. Cranmer, Esq., of Southport, a Past Master of Pythagoras Lodge at that place, will be a guest of the lodge this evening and will deliver an address appropriate to the occasion. All Masons of the city are invited to be present. Following the degree work and address, refreshments will be served. On the folder announcing the meeting Secretary Holden has had printed "The Platform of Masonry," which is most interesting reading.

MILAM

Clergy and Religious Press ENDORSE

MILAM

the most reliable

Reconstructive

Tonic and Blood Renovator.

We, the undersigned, hereby certify that we have taken Milam with very beneficial results. Believing it to be a valuable remedy, we authorize the publication of our endorsement.

REV. J. CLEVELAND HALL, Rector of Church of Epiphany, Danville, Va.
REV. R. L. McNAIR, Pastor, Presbyterian Church, Charlotte, C. H., Va.
REV. J. C. HOLLAND, Pastor Keen Street Baptist church, Danville, Va.
REV. H. D. GUERRANT, Methodist Minister, Danville, Va.
REV. W. W. ROYAL, Sec'y. Board of Foreign Missions, M. E. C. S., Norfolk, Va.

The Methodist has never taken any stock in, or pinned its faith to patent medicines. Indeed, many of them are fakes of the highest order. Revenue for no real benefit has been the policy of the promoters of these "cure alls". There has been introduced in Danville recently a medicine that, if the testimony of some of our best citizens can be accredited, has real merit, and is known as The Milam Cure.

The effect of this medicine upon some of those who have been induced to try it has been marvelous as a restorer of health. The company who manufactures this remedy that has such a tremendous sale is composed of gentlemen of the highest social and moral standing in Danville. We feel that in placing the advertisement of this medicine before our readers we are rendering a service that will prove a blessing to suffering humanity.

This commendation is written without fee or reward upon the testimony of those who have been benefitted by the use of the MILAM remedy.

(E. G. Moseley in the Methodist.)

"THE BAPTIST" ENDORSES MILAM.

Milam is the name of a great medicine now being manufactured in Danville, and from the testimonials of some of our best citizens we can safely recommend it to our friends who are suffering with any of the diseases it proposes to cure. The men at the head of the company manufacturing this medicine can be relied on.—Rev. J. E. Hicks, in the Baptist Union.

THE MILAM MEDICINE CO., Inc., Danville, Va.

My face was raw as a piece of beef when I commenced taking Milam. I shaved last Sunday for the first time in six months.—W. T. Driskell, Lynchburg, Va.

I think it proper to state that my general health and strength have improved as well as my eyesight, and this I attribute to the use of Milam.—W. E. Griggs, secretary and treasurer Westbrooks Elevator Co., Danville, Va.

My hearing is much improved, my eyesight is better, and all symptoms of rheumatism are fast disappearing, thanks to Milam.—C. P. Barger, with W. M. Ritter Lumber Co., Huntington, W. Va.

For the past few years I have been afflicted with carbuncles. Last February I was induced to try Milam, which cured me entirely, since which time I have had no trouble from them whatever. September 12, 1910.—A. H. Perla, 425 East Twenty-Fourth street, New York.

I have taken five bottles of Milam for blood poison and a running sore, and I cannot recommend it too highly.—Ed Werthly, formerly manager Dixie Theatre, Charlotte, N. C.

I have been a sufferer from consumption for several years. After taking Milam for several months I am pleased to say that I am much improved in every way.—R. O. Vass, 630 Holbrook avenue, Danville, Va.

I cannot praise Milam enough, as this is the first Spring and Summer I have enjoyed in three years.—Miss Winifred Poston, 731 Patterson Avenue, Roanoke, Va.

I endorse Milam for run down systems. It has given me a great appetite and cleared and softened my skin.—H. W. Laydon, manager Boulevard Drug Co., Spray, N. C.

After taking one and a half bottles of Milam I gained 8 1-2 pounds.—T. B. Stalmaker, druggist, Charleston, W. Va.

I have taken six bottles of Milam and can truthfully say I am feeling better than I ever remember before.—Myrtle L. Scofield, with Wemple, Ellerson & Co., Washington, D. C.

Milam has benefitted me so much I want all my friends to try it, especially those who have weak eyes.—Miss Kate Mebane, R. F. D. No. 2, Blanch, N. C.

I would not take five times the price of the medicine for what it has done for me.—C. H. Wade, corner Church and Lee streets, Norfolk, Va.

Your wonderful medicine is, in my estimation, a Godsend to humanity.—C. D. Jefferson, 375 Woodland avenue, Roanoke, Va.

Milam benefitted me in almost every way. It is a magnificent tonic.—Harry W. Holland, bookkeeper Imperial Tobacco Co., Danville, Va.

I think it proper to state that my general health and strength have improved as well as my eye sight, and this I attribute to the use of Milam.—W. E. Griggs, secretary and treaurer Westbrooks Elevator Co., Danville, Va.

Milam has benefitted me so much I want all my friends to try, especially those who have weak eyes.—Miss Kate Mebane, R. F. D. No. 2, Blanch, N. C.

I will always take pleasure in recommending Milam for uric acid troubles.—C. T. Barksdale, Danville, Va., for United States Postmaster.

Up until last April I suffered with eczema in its worst form until a traveling man told me of Milam. Took it on your guarantee, without any faith. After four bottles my face was well. I took four more to be sure. Since then have had no trace of eczema.—January 1, 1911, C. H. Williams, traveling salesman for Cluett, Peabody & Co.

I have been a great sufferer with catarrh for twenty years. Decided to try Milam. Am now on my fourth bottle. My catarrh is entirely gone.—R. L. Wallace, Charleston, W. Va.

For the last three weeks I have been walking without a stick—the first time in fifteen years. I never miss an opportunity to advise the use of Milam.—F. L. Cooley, Maben, W. Va.

Buy Six Bottles From Your Druggist and Get Your Money Back if Not Benefitted.

Consumption

Checked and in Early Stages, Cured by

MILAM

the great

Reconstructive

Tonic and Blood Renovator.

We do not set forth MILAM as a cure for consumption, but it has proven so beneficial to such patients that we believe, and are supported in our belief by a practicing physician, that MILAM will arrest incipient tuberculosis or consumption in its early stages. We know that it greatly benefits those in the advanced stages.

READ THE FOLLOWING.

Scrofulitic Consumption.

City of Danville, State of Virginia—Towit:

I, Edmund B. Meade, Notary Public in and for the city of Danville, State of Virginia, do hereby certify that Abram Word, of Danville, Va., to me well known, did appear before me, and being duly sworn, deposeth and says as follows:

"For ten years prior to August, 1909, I was under the care of a regular physician. Last Spring this doctor told me he could do me no good, and I tried another for four months without receiving any benefit from him.

"In August, 1909, I began taking Milam, and am now able to do my work without difficulty, my appetite is good, and I can eat and digest my food,

"My trouble was said to be Scrofulitic Consumption, and I was wasted away to a shadow. I was so weak that I could hardly walk when I commenced on MILAM. I regard MILAM as a truly valuable remedy in all cases of blood trouble, whether eruptive, or proceeding from a lack of full, free circulation.

"I have recommended MILAM to about twenty of my friends, and so far as I have seen or heard from them, they all speak in the highest terms of it, and are recommending it to their friends.

"It was particularly beneficial to me in aiding digestion and building up an appetite.

(Signed.) "ABRAM WORD."

In witness to the above, I have hereunto set my hand and the seal of my office, this 23rd day of March, A. D., 1910.

(Seal.) EDMUND B. MEADE, Notary Public.

My commission expires January 14, 1914.

SOCIETY

Miss Minnie C. Davis is spending a few weeks in Lumberton with relatives and friends.

* * *

Mr. Thomas Wortham and family left yesterday morning to spend a week at Seven Springs.

* * *

Miss Jeannette Butler, Miss Irene Butler, of Reidsville, and Mr. C. O. Butler, of Winston, are guests at the Seashore Hotel, Wrightsville Beach.

* * *

Mrs. J. H. Hewlett has returned from a visit to her daughter, Mrs. Harry Cooley, at Newbern. On her return she spent a day or two at Jacksonville, N. C.

* * *

Yesterday's Raleigh Times: "Mrs. Sadie Bear left today for Wilmington.—Miss Clark and Miss Bryan, of Wilmington, returned home today after visiting Mrs. Ed. Battle."

* * *

Charlotte Chronicle: "Mr. J. N. McCausland and daughter, Miss Ilaweese McCausland, will leave Friday for Wrightsville Beach, where they will spend two weeks at the Seashore Hotel."

* * *

Miss Margaret Lewis and Miss Penelope Clark, two of Atlanta's most popular young ladies, left yesterday for their home, after a delightful stay of two weeks at the Oceanic Hotel, Wrightsville Beach.

* * *

Mr. Markley Croswell, a popular young man formerly of Wilmington, but now of Germany, is in the city for a few days on a business and pleasure trip. The many friends of Mr. Croswell will be delighted to know that he is in the city.

* * *

Yesterday's Raleigh News and Observer: "Miss Louise Venable, of Chapel Hill, was in the city yesterday and left in the afternoon for Wilmington.——Mr. Tom Boushall returned yesterday from Wrightsville, where he was a guest at the house party given by Miss Florie Northrop."

* * *

Charlotte Chronicle: "A party consisting of the following named Charlotte people will leave this afternoon for Wrightsville Beach, where they will spend sometime at the Oceanic Hotel: Mr. and Mrs. W. W. Hagood, Mr. and Mrs. A. J. Hagood, Mrs. J. D. McCall, Misses Bessie Sterne and Julia and Marie Hagood and Messrs. William Hagood, Jr., and Robert McCall."

* * *

A delightful sail was given from the Oceanic Hotel, Wrightsville Beach, yesterday morning by Mr. Dave Currie, of Fayetteville, in honor of Miss Margery Chapman, the attractive daughter of Mr. and Mrs. R. H. F. Chapman, of Spartanburg, S. C. The following composed the party: Miss Florence Sevcir, Miss Mary Lanier, Miss Lanier, Miss Ada Caldwell, Miss Lois Caldwell, Miss Margery Chapman, Mr. and Mrs. Walter Allen, Mr. and Mrs. R. H. F. Chapman, Mr. and Mrs. C. E. Hooper, Miss Florence Grant, Mr. and Mrs. Henry London, Messrs. Julian Calhoun, Dave Currie, Rankin, Lyon, McAllister, Harold Hooper, James Hooper and Charles Hooper.

* * *

Miss Lena Spinks, of Albemarle, and Mrs. Alexander, of Asheboro, who have been the guests of Mrs. J. B. Mercer, No. 415 South Second street, for several days, left yesterday for their homes.

* * *

MR. CLIFTON W. NIXON WINS BRIDE IN SHELBY.

Mr. Clifton Williams Nixon, who is connected with the Murchison National Bank, and Miss Margaret Foyles, daughter of Mr. and Mrs. James H. Foyles, of Lawndale, were married in the Presbyteriaon Church at Shelby Wednesday. Many friends in this city will read with interest the following account of the marriage from the Shelby correspondence of yesterday's Charlotte Observer:

"Shelby, July 19.—This morning at 9 o'clock, in the First Presbyterian church, Miss Margaret Foyles and Mr. Clifton Williams Nixon were happily married in the presence of a large number of friends and admirers. Rev. James Thomas, pastor, performed the ceremony. The church was artistically decorated in palms and ferns. Miss Lena Foyles, of Wilmington, was the maid of honor and Mr. McA. Nixon, of Lumberton, was the best man. The ushers were Messrs. Hugh Miller and George Hoyle. Miss Lucy Osborne sang in her sweet way 'I Love You, Dear.' Mrs. George A. Hoyle presiding gracefully at the piano."

"The bride is the daughter of Mr. and Mrs. James H. Foyles, of Lawndale, and is a most charming and lovely young lady. For several weeks she has been visiting her sister, Mrs. R. A. Baber, who gave a reception to the bridal party last night. Mr. Nixon is a prominent young man of Wilmington, being connected with the Murchison National Bank. Immediately after the ceremony, they left on the Southern train for Unica Springs, Tenn., and other places in western North Carolina."

THE COTTON WORM.

Old-Time Pest Makes Its Appearance on Mississippi Farms.

Jackson, Miss., July 20.—Prof. R. W. Harned, State entomologist, has issued an address to the farmers of Mississippi urging them to be on the lookout for the old-time cotton worm which has made its appearance in several counties of the State and has been found in one county in sufficiently large numbers to form a menace to the crop. Professor Harned states that the cotton worm is more likely to do wide-spread damage this year than during an ordinary season, because of the frequent rains that have fallen. They have been found in large numbers in Noxubee county.

PERSONAL PARAGRAPHS.

—Mr. J. P. Baker, of Hallsboro, arrived last night and is a guest at The Orton.

—Among yesterday's arrivals at The Orton was Mr. T. G. McAllister, of Fayetteville.

—Messrs. T. G. Hyman and D. G. Robeson were among last night's arrivals at The Orton.

—Mr. W. R. Makepeace, of Sanford, arrived last night en route to the beach to spend a few days.

boro, arrived last evening and is a guest at The Orton. He comes to conduct the funeral services of the late Mr. S Einstein, at the Temple of Israel today.

—Among the arrivals at The Southern yesterday were R. L. Tout, G. C. Spencer, Albert Rush, Ashboro; W. E. Norris, Hamlet; D. J. Corbett, Sr., Currie; F. T. Beazley, Portsmouth, Va.; F. P. Flynn, Currie; H. B. Williams, Canetuck; J. C. Ashworth, Raleigh; J. I. Carroll, H. D. Smith and E. B. Smith, Currie; W. G. Porter, Kelly; W. G. Callihan, Bladenboro; J. M. Williams, Rock Hill; John G. Davis, Columbia, S. C.; L. S. Foster, Rocky Mount; P. J. Coppedge, Norfolk, Va.; J. W. Pealer, Bennettsville, S. C.

LOCAL DOTS.

—Yesterday afternoon's Fayetteville Observer says: "The Cape Fear river is rising. Seven feet of water was reported this morning. The steamer City of Fayetteville arrived here from Wilmington last night, and cleared for that port at noon today."

—The schooner Calhoun E. Ross, Capt. Calhoun, cleared yesterday for New York with cargo of 450,000 feet of lumber from the Horsey & Mills Lumber Co. This is the second cargo shipped by this firm to Northern markets. The vessel is by C. D. Mafflit.

Goes With D. R. Foster & Co.

Mr. B. F. King, Jr., a hustling young real estate man, for the past three years with the real estate agency of Mr. W. M. Cumming, has resigned and accepted a position as collector and salesman for the live real estate agency of D. R. Foster & Co., and entered upon his new duties Monday. Mr. King is an experienced real estate man and is a decided acquisition to the corps of D. R. Foster & Co., which concern will occupy its new home next east of the new home of the Wilmington Savings & Trust Co., on Princess street, in the near future. This agency will broaden out considerably when it gets into its new quarters. Mr. J. D. McCarley succeeds Mr. King as collector and salesman for Mr. Cumming.

Cleveland, Ohio, July 20.—The Ohio State Board of Health, in session here today adopted a resolution recommending the introduction of study of sex-hygiene in the public schools. The Ohio board is said to be the first in the country to recommende fearless handling of this subject.

Malaria Makes Pale Blood.

The Old Standard GROVE'S TASTELESS CHILL TONIC, drives out malaria and builds up the system. For grown people and children, 50c.

MEETING OF UNIVERSITY MEN

Held in Reception Rooms of Elks Temple Last Evening—Mr. W. H. Swift Delivers Address of the Occasion.

For the purpose of strengthening the local Alumni Association of the University of North Carolina a meeting was held in the reception room of the Elk's Temple, on Front street, last evening with a number of the members of the local association in attendance.

Mr. W. H. Swift, of Greensboro, field manager for the Alumni Council of the General Assembly of the Alumni of the University of North Carolina, was present and made a talk outlining the purpose of the Alumni Council, which is to foster a general State-wide interest in the University and to support a monthly publication to be known as the University of North Carolina Alumni Monthly. The Alumni of the State University feel that there are great opportunities for an organization of this kind and that they can render their institution an immense service.

The plan adopted May 29, 1911, provides that there shall be a general assembly of the Alumni which shall convene in Gerrard Hall on Monday of commencement week each year. The General Assembly is composed of delegates from the local Alumni associations and these have a voting power on the number of their members. The Alumni Council is composed of 15 members elected by the General Assembly.

The present Alumni Council has appointed Mr. W. H. Swift, of Greensboro, as field manager. His duties are to undertake the organization of the local alumni into associations and to raise funds necessary to carry on the further work of the Alumni Council.

At the meeting last night Mr. Swift went over the work that has been accomplished and also touched upon the opportunities that confront the alumni of the State University. Mr. Swift's remarks were given close attention and when he had finished an informal discussion of the matter was had. Louis Goodman, Esq., president of the local association, also made a short talk.

After the business features of the meeting were concluded a very pleasant social hour was enjoyed. Mr. Goodman had provided refreshments in the form of a Dutch lunch and these were also very much enjoyed. A vote of thanks was tendered the local Elks for their kindness in placing the reception room at the disposal of the Chapel Hill men.

From here Mr. Swift will go to Brunswick county, where in addition to looking after the work of organizing an alumni association there, he will also deliver an address on educational matters at Supply tomorrow. Mr. Swift is a member of the class of '01, and is a prominent member of the bar in Greensboro. He was formerly superintendent of the graded school in that city and made a very enviable reputation in this capacity.

The members of the local association feel that much good will come of the meeting last night and they are much inspired by Mr. Swift's remarks. Those attending were: Messrs. J. O. Carr, W. P. Stacey, W. H. Duls, Graham Kenan, Loris Goodman, Harry Solomon, Ferdinand Duls, Dr. J. H. Bornemann, Dr. John Thames, T. J. Moore and C. C. Loughlin.

NEGROES GUILTY OF MURDER

First Degree for Dick Gause and Second Degree for Tisdal for Murder of Ned Gibson—Pender County Jury.

Word was received here yesterday morning that a Pender county jury in Superior Court at Burgaw, brought in a verdict Wednesday night at 9 o'clock of guilty of murder in the first degree against Dick Gause, colored, for the killing of Ned Gibson, also colored, in this city a few months ago, and a verdict of guilty of second degree murder as to J. E. Tisdal, a cripple, who was charged with being an accessory before the fact. The cases were removed from this county to Pender at the Spring term of Superior Court.

The trial of the case was begun at the special term of Burgaw Superior Court, Judge G. S. Ferguson, presiding, Tuesday afternoon and the case went to the jury Wednesday afternoon. After being out for a few hours the verdict was returned at 9 o'clock. The defendant Gause was represented by J. T. Bland, Esq., of Burgaw, having been appointed by the court, while K. C. Sidbury, Esq., of this city, appeared for Tisdal. Mr. Sidbury stated yesterday that he would take an appeal to Supreme Court and one of the grounds upon which he will seek a new trial is that the defendant Tisdal, having been charged with being accessory before the fact, should have either been acquitted of the crime or been found guilty in the same degree as Gause. The Gause case will also be taken to Supreme Court. Both negroes will remain in jail at Burgaw until their case is decided in the higher tribunal.

The case against Garfield Ford, colored, for killing his wife in this city some months ago, also removed to Pender county, was tried yesterday and the fate of the defendant given to the jury before adjournment for the day, according to information received here. The jury had not returned a verdict when the train from the North passed there late in the afternoon and Burgaw could not be reached by telephone last night, hence it is not known here whether a verdict has been returned. It took only 40 minutes to secure a jury in the case. Among the witnesses for the State was Mounted Officer J. S. Lane, of the Wilmington police force, who arrested Ford soon after the tragedy, and to whom Ford admitted killing his wife.

..Theatrical..

Still the good things bubble brightly to the top at the attractive, ever popular Bijou. Yesterday brought forth a bunch of dainties in the musical and moving picture lines, and today will witness the presentation of another large and beautiful bouquet. The music for today is especially catchy, Mr. Frank Banks, the fine baritone, starring with a new and brilliant song triumph, which has just the jolliest kind of a swing and the illustrations for which are novel and pretty. The other musical numbers are all up-to-date and very fascinating. The moving picture bill is headed by an exceptionally novel and sweet film entitled "Making Mother Over." It shows how the advanced ideas of son and daughter inveigle the old fashioned mother into using cosmetics to remove wrinkles, wearing "rats" and donning gowns with frills. However, the rejuvenated mother is not happy, and neither is the old fashioned father. So mother returns to the old days and is happy once again. "The Warrant," is another strong feature of today's programme. It is a film of powerful plot and vigorous action, and tells in graphic manner how a young Westerner goes wrong after marrying a tender, loving woman, of his downward tendency, and how he is rescued in the niche of time by a generous hearted, fearless sheriff. There are, of course, other films, and they are all corkers, too.

PLOT TO KILL DE LaBARRA.

Discovered by Mexican Police—Reason of Failure.

Mexico City, July 20.—The police have received information of an alleged plot to assassinate President De LaBarra. According to the police informants, De LaBarra was to have been killed on the occasion of the exercises last Tuesday on the anniversary of the death of Benito Pablo Juarez, but opportunity failed the conspirators.

Government secret men have been working on the report to assassinate De LaBarra, but have found no clue.

Lumina Concerts Sunday.

The feature of these concerts will be the soprano solos by Mrs. Pearson. The programme also contains "Tales from Hoffman," selection from "The Creation," by Haydn, "Sounds from the Sunny South," and many other fine numbers. **

DAVID'S

YOUNG men who are members of the smartest clubs; who go where correct style in clothes is a matter of some importance; where a man wants to dress so perfectly that nobody thinks of his clothes, not even he himself — these are the men who wear

NEW LOW RECORDS IN COTTON

Renewal of Liquidation Feature in the Market Yesterday—Closed Firm at Net Decline of Eight Points.

New York, July 20.—Notwithstanding the tremendous volume of selling recently there was a renewal of liquidation in the cotton market today resulting in another set of new low records, after which prices did better on more active covering and support from trade interests, with the close firm at a net decline of 7@8 points.

The market opened steady, at an advance of 1@8 points, and active positions hold about 7 to 9 points net higher during the early trading, in response to steadier cables than expected, reports that continental spinners had been good buyers in Liverpool, foreign and domestic trade buying in the local market, covering of shorts, and purchases for a reaction. But buyers showed continued nervousness and were evidently fearful of renewal of liquidation, the first sign of which proved the signal for another general selling movement that for a time promised to fully equal any previous noted since the break began, in point of excitement and activity.

Prices quickly broke under this pressure, with July contracts selling off to 13 cents, or 45 points under the closing figures of yesterday, while August touched 12.65, a net decline of 27 points, and later positions also established new low records, with October and December contracts selling at 11.42 and January at 11.90, a decline of about 166@19 points, compared with Wednesday finals. At this level there was less cotton offering and the market later in the day showed a considerably better tone, owing to a more active demand from shorts and continued buying by trade interests with closing prices about 8 to 10 points up from the lowest on new crop months.

There seemed to be no particular item in today's news to inspire additional confidence on the bear side, and following such a drastic break the reactionists had many arguments in their favor, but the most encouraging feature in the trading was the buying attributed to spinners as a hedge against forward requirements and the final rally seemed to reflect no material improvement in the general average of sentiment.

Receipts today, 1,161 bales, against 238 last week and 7,145 last year. Today's receipts at New Orleans, 926, against 1,025 last year, and at Houston 535, against 297 last year.

Spot closed quiet, 25 points lower; middling uplands, 13.45; middling gulf, 13.70; sales, 262 bales.

Futures closed firm.

THE GRAIN MARKET.

Chicago, July 20.—Belief in some quarters that there would be a decided falling off soon in receipts from the winter crop made wheat buyers today more active. The close was strong, at 1½ to 1⅝ net advance. Corn at the close showed a gain of 1⅜ to 2¼@2¼ over last night, and oats a rise of ⅝ to ⅞c. The outcome for hog products varied from 2½ lower to 20 increase in cost.

Wheat—No. 2, red, 84@85¾; No. 3, red, 82@84½; No. 2, hard, 85½@87½; No. 3, hard, 84@86; No. 1, northern, 1.02@1.03½; No. 2, northern, 95@1.02; No. 3, northern, 93@100; No. 2, spring, 90@95; No. 3, spring 89@94; velvet chaff, 86@90; durum, 86@90.

Corn—No. 2, 64½@64¾; No. 2, white, 65@66⅛; No. 2, yellow, 64½@65; No. 3, 64@64¾; No. 3, white, 65½@66¼; No. 3, yellow, 64@64¾; No. 4, 63@63¾; No. 4, white, 64½@65; No. 4, yellow, 63@63¾.

Oats—No. 2, white, 42½@43¾; No. 2, white, new, 41@41½; No. 4, white, 41¾@42¾; No. 4, standard, new, 41½@42.

PRODUCE MARKETS.

(Quoted by W. J. Meredith, July 15th.)

PEANUTS—Virginias, .90 to $1.00 per bu.; North Carolinas, $1.50@$1.60; Spanish, $1.15@$1.25.

CORN—Firm; .68 to .70 per bu.

PEAS—White black-eye, $2.50; white lady finger, $2.75; clay peas, $1.75 per bushel, dull.

POTATOES—Irish potatoes, new crop, $1.00 per bu.

BEEF—On foot, .03@.04 per lb.

PORK—Out of season.

WOOL—Burry, .12@.15 per lb.; free of burr, 12 to 18 per lb.

HIDES—Green, .08 per lb.; dry, .12 per lb.

NORTH CAROLINA BACON—Hams, old, 17c. per lb.; sides and shoulders, 12 to 13½ per lb.

BEESWAX—Firm; .27 per lb.

TALLOW—Firm; .04½@.05 per lb.

POULTRY—Turkeys, out of season. Chickens, grown, .40@.50 per head; chickens, spring, .20@.35 per head; Geese, .50 per head.

EGGS—Good demand, 18 to 19 per doz.

SHEEP—Lambs, $2.50 to $3.00 per head; grown sheep, .90 to $2.25.

Petersburg Peanut Market.

(Furnished by Rogers, McCabe & Co.)

Spanish—Farmer stock, firm, $1.27½ bid; $1.30 asked; holdings, small; No. 1, Spanish shelled, 7¼c.; No. 2, Spanish shelled, 5½ to 5¾c.

Virginians—Bunch, 4¼ to 4½c.; Fancy Hand Picked, 3¾ to 4c.; Extra Prime, 3½ to 3¾c.; Prime, 3¼ to 3½c.; Machine Picked, 3¼ to 3¾c.; market, firm.

LIVERPOOL COTTON MARKET.

Spot, in Fair Demand; Prices, Thirteen Points Lower.

Liverpool, July 20.—Spot, in fair demand; prices, 13 points lower; American middling, 8.01; good middling, 7.67; middling, 7.45; low middling, 7.25; good ordinary, 6.99; ordinary, 6.74.

The sales of the day were 8,000, of which 500 were for speculation and export and included 7,500 American.

Receipts, 13,000, including 12,900 American. Futures opened quiet and steady and closed steady. July, 7.11; July and August, 7.07½; August and September, 6.87½; September and October, 6.59½; October and November, 6.50; November and December, 6.45½; December and January, 6.44½; January and February, 6.45; February and March, 6.46; March and April, 6.47½.

DRY GOODS MARKET.

New York, July 20.—The cotton goods markets are irregular and tending lower; in men's wear prices for spring have been opened on a basis varying from 7 cents to 17½ cents a yard lower than a year ago. On dress fabrics the new prices for spring are very close to those of January on staples.

Baltimore, July 19.—The first of four conventions planned to arouse the 300,000 members of the African Methodist Episcopal church to greater interest in church benevolences, education, and the cultivation of higher moral ideals, opened here today.

CONFUSION IN STOCK MARKET

Caused by Unexpected Developments in New York Traction Situation —Less Pronounced in Late Trading—Features.

New York, July 20.—Unexpected developments in the New York traction situation threw the stock market into confusion today. Securities of the Interborough-Metropolitan Company declined abruptly at the opening and pulled down the remainder of the list with them. Later in the session the disturbing influence of the traction tangle grew less pronounced and the general market recovered in many instances, making small net gains. Another set back occurred shortly before the close, virtually the entire list of standard issues receding. The net result of these agitated movements was slight, except in the case of a few stocks. Aside from the traction securities, Canadian Pacific, with a loss of two points, was prominent.

Before the opening of the local market, London reported selling there for New York account, presumably owing to the sudden change in the traction situation. The upward movement in Interborough Metropolitan securities during the previous two days was based upon the assumption that the company was to receive a share of the subway awards, which apparently was confirmed by the official statement yesterday that such settlement had been reached.

Events leading up to the rejection of the company's offer came as a complete surprise, and in the early part of the day dealings in traction stocks and bonds overshadowed all else. The preferred stock, opening with a loss of 3¼ points, later declined more than 4 points, while common lost more than 2. Sales of the company's 4½ per cent. bonds were on an enormous scale. In the first hour they aggregated about $1,900,000 of a total bond sale on the stock exchange of $2,200,000. The bonds declined more than 3 points and closed with a loss of 2⅝. Brooklyn Rapid Transit, which it was shown would profit by interborough's setback, was alternately strong and weak during the day, and closed the day with only a slight change. The Hill shares showed exceptional strength. Buying of these stocks was influenced by reports from Washington that the Canadian reciprocity legislation would be completed within a few days.

The day's news concerning crops was all in the way of betterment. The recognized authority stated that conditions of the past week in the central region have made for pronounced benefit. Some further concern was shown regarding the outlook in parts of the Northwest, where it is said prospects are discouraging.

Aside from the dealings in Interborough-Metropolitan 4½s, the bond market was quiet and prices were steady. Total sales, par value, $4,714,000. United States bonds unchanged on call. Total sales, 248,500 shares.

RAISING THE MAINE.

Interesting Developments Upon Pumping Out Coffer Dam.

Havana, Cuba, July 20.—All the water in the coffer dam surrounding the Maine has been removed, showing the wreck embedded in the mud from an estimated depth of 37 feet around the after part of the vessel to an indeterminable depth. That portion of the ship immediately forward of the central superstructure, which was demolished, has completely disappeared except for some jagged pieces of crusted steel protruding above the slime.

The engineers intend to begin tomorrow the work of drawing out the soft mud by suction. Simultaneously, they will begin the work of dissecting the great confused masses of metal. The bow section, represented by the plates and beams of the bottom of the ship now stands upwards of 20 feet high. All portions of this section have been fully identified, including the remains of water tanks originally located on the lowest deck, and apparently not affected by the explosion.

All these parts have been photographed for future examination and to confirm the identification prior to the dissection of the wreckage, which will be accomplished by hydro-acetylene blast, as soon as the apparatus is installed and derricks for the removal of the dismembered parts are erected.

A curious feature resulting from the total removal of the water is that the 'midship main deck and central superstructure, remaining practically level, constitute in effect a great cantilever, sustaining their own weight without any direct under support. All the structural members of the ship beneath this section have been destroyed, and the cavity nas been half filled with mud. The aft 'midship section of the berth deck, on which were the ward room and the officers' staterooms, is fully exposed, but is almost entirely filled with mud, especially on the port side, the removal of which would be slow and difficult.

Hopes are entertained that in this section may be found the body of Assistant Engineer Merritt, who is believed to have been in his state room at the time of the disaster. Some fire-scorched bones were discovered this afternoon in the vicinity of the over turned conning tower, where the remains of probably four bodies were previously found. All of the men are believed to have perished instantly.

From present indications, three or four months will elapse before the mud surrounding the wreck is removed and all portions of the ship made visible.

GARY PLAN SOCIALISTIC.

Charge of Parsons In Regard to Government Control of Corporations

New York, July 20.—In an academic discussion of governmental relations to corporations this afternoon John E. Parsons, former president of the American Bar Association and former counsel for the American Sugar Refining Company, declared to the Congressional Committee investigating the sugar trust that the proposition of E. H. Gary, chairman of the United States Steel Corporation for government control of business combinations, was socialistic. He added that in his opinion Congress should place no restriction whatever on trade.

"Government should permit commerce to take its course," he said. "A great corporation cannot be organized merely on the valuation in dollars and cents of its physical properties—the men behind it must be capitalized. They are worth something to the investor. The capitalization must be on the physical properties the prospects of the business and the men who are to manage it. That is not water.

"If Congress should pass a law conforming to Justice Harlan's dissenting opinion in the Standard Oil and Tobacco trust cases, it would cause the country's greatest disaster. If Justice Harlan's opinion stood as the ruling opinion of the court our jails would be filled to overflowing with stockholders and officers of corporations. No two businesses could combine to increase their trade."

Mr. Parsons was very positive that there should be no government control of corporations, that they should be permitted a free hand and that then the ultimate consumer would profit by it.

BODY IS OUT OF REACH.

Negro Would-be Slayer of White Girl Probably a Suicide.

LaCross, Wis., July 20.—That Edgar Robinette, the negro would-be murderer of Silvia Price, a white girl, with whom he was enamored, is dead by his own hand and that his body lies in the woods where the passes have been unable to find it, was the conclusion reached by the searchers this afternoon. The following letter, covered with blood, was found:

"Mrs. Mary Martin, 1211 Vine street, Kansas City: Dear aunt, I drop these few lines to you to let you know I will be dead next time you hear from me. I am heart broken and can't get over it. I am going to kill the girl that has betrayed me. I am better off dead. Don't return for me, good bye, Oh, good bye.

(Signed) "EDGAR."

LADY OM PASSES AWAY.

Palace Politician of Great Skill Dies in Korea.

Seul, Korea, July 20.—Lady Om, consort of Emperor Yi Heui, who abdicated in 1907, died today.

Lady Om was a palace politician of great skill. She was attendant upon the Queen of Korea, who was murdered. She gained the favor of the Emperor and was finally compelled to flee from the palace. After the death of the Queen she was restored to the court, with the rank of an imperial concubine. This conferred imperial rank upon her two children. She was originally a slave who became a power in the court.

HARNETT DEVELOPMENTS

Dunn as a Citton Market—Personal News Notes.

(Special Star Correspondence.)

Dunn, N. C., July 20.—Several days ago a party of men were discussing the growth and development of the farming interests in Harnett county, and especially in the territory near Dunn Your correspondent becoming interested, investigated the matter and finds that there has been an increase of over 100 per cent. in the production of cotton and the use of fertilizers, within a radius of 10 miles of Dunn. Only a few years ago all the cotton produced within this territory was sold here and we boasted on the year's sales, amounting to 8,000 bales. Last year there was marketed in this territory 17,796 bales of cotton. Since the coming of the Durham and Southern Railway, on which is situated the towns of Duke, Coates and Angier; the Raleigh & Southport, on which is situated Lillington, Bunnlevel and several smaller towns which handle cotton, all of the cotton does not come here, but it is produced in Dunn's old territory. Dunn now buys more cotton than ever before, notwithstanding these new towns, which buy about half of the total amount.

While we have no figures as to the amount of corn and other farm products we are satisfied that there is three times as much corn produced in the same territory.

The increase can be attributed to the increased use of fertilizers and to improved farming methods, for we can truthfully say that we are making two bales of cotton and three bushels of corn where one grew ten years ago.

We cannot get the figures of the other towns named above, as to the amount of commercial fertilizer sold last year, or rather for this crop year to date. But find from an interview with our merchants who handle fertilizers, that Dunn has sold 11,000 tons up to date, and from the present prospects we will make a record breaking crop of all kinds of farm products.

Misses Laura and Rena Perry, of Snow Hill, who have been spending several days with their sister, Mrs. Charles Highsmith, left for their home yesterday.

The Dunn military, Company M, Third Regiment, in command of Capt. D. C. Parker, will leave for Camp Glenn, at Moreuead tonight. Capt. Parker states that he will carry 45 men with him, and they will be in camp for seven days.

Harnett county is being blessed with abundant rains. More water has fallen here for the last week than we have had since last Winter. The situation was becoming alarming, as corn was beginning to fall down from the heat. Cotton has not suffered very much, and from the present outlook there will be fine crops of all kinds made.

Mrs. D. H. Hood and children have gone to Edenton, N. C., to visit Mrs. W. A. Leggett, Mrs. Hood's sister.

Mr. Geo Gardner, of Wilmington, has moved his family here to live. He is traveling salesman for the shoe firm of O. Marks & Co., of New bern.

MOUNTAIN HIGHWAYS.

Hendersonville to South Carolina Line —Baseball Club.

(Special Star Correspondence.)

Asheville, N. C., July 20.—Road Supervisor Justice, of Hendersonville, states that the whole convict force of the county is soon to be placed on the stretch of road between Hendersonville and the South Carolina line, a distance of about 12 miles With the exception of this stretch of road it is said that there is not a good road from Greenville to Asheville. The convicts are now at work in Buncombe county on this same road and the work is about completed so that with the construction of the road in Henderson county there will be a fine inter-State highway, part of which will no doubt be used for the proposed Charleston-Asheville highway. According to Mr. Justice, the road in his county is to be 25 feet wide and though it is not to be macadamized at once, it will some time be finished with macadam or sand-clay. The grade is not to be over five or six per cent. A good road meeting is to be held at Hendersonville August 15th.

There is considerable doubt as to whether the Asheville baseball club will be financially able to remain in the Appalachian League. Many of the subscribers to the stock in the club have not paid their subscriptions and at a recent meeting a committee was appointed to solicit new subscriptions This committee has met with indifferent success and there is now a deficit of about $1,000. The management says that unless the financial stringency is relieved soon the team will have to be disbanded.

MILITARY PRACTICE CAMPAIGN.

On Extensive Scale Will Be Attempted By National Guard Troops.

Washington, July 20.—With the country theoretically at war, the Massachusetts militia observed by officers of the regular army will conduct a military practice campaign from July 23rd to 30th on a more extensive scale than ever before attempted by the National Guard troops of the United States. The theatre of operations will extend over practically all of the Northeastern part of the State from Boston to the Merrimac river. The State forces will be divided into two camps, "blue" and "red," commanded by Brigadier Generals Clark and Pew, of the militia.

The United States is supposed to be in the grip of a foreign foe. Boston, in theory was captured in May, but the bulk of the enemy has been transferred to New York City to engage the main American forces. General Pew's troops will represent the remnant of the hostile army left at Boston. It will be the task of General Clark's soldiers, along the Merrimac to annihilate the enemy and re-take Boston. The "blues" will concentrate near Lowell, while the headquarters of the "reds" will be Salem.

Governor Foss, of Massachusetts will be chief umpire and Captain Matthew E. Hanna, of the general staff of the army, will be his principal assistant. In addition, a number of other regular army officers, as umpires will be with the opposing brigades.

San Diego, Cal., July 19.—Over 30,000 persons joined in celebrating the breaking of ground today for the Panama-California Exposition to be held here in 1915 in honor of the completion of the Panama Canal.

What Andrew Jackson Asked For

Immediately after his brilliant victory over the British at Chalmette in 1815, he went direct to the French Market for a cup of the even then famous coffee. Then, this famous beverage could be had nowhere else. **Now** you may serve it daily at your own table. For the old French Market blend is perpetuated by

The Same Unique Hygienic Roasting Process

"There is but one French Market flavor." For a general, all-around, satisfactory cup of coffee nothing can approach French Market. It is shipped all over the country in hermetically sealed tins to preserve the natural strength. At all grocers.

INVESTIGATING WILEY CASE.

House Committee Wants Facts About Remsen Experts.

Washington, July 20.—In connection with the charges against Dr. H. W. Wiley, chief of the Chemistry Bureau, the House Committee on Agricultural Department Expenditures today called on the Secretary of Agriculture for complete information regarding the cost and the work of the Remsen board of experts on pure food matters.

The committee directed that the board's work was integral part of the Wiley case which it will investigate in connection with the department personnel board's recent recommendation that Dr. Wiley be dismissed for a technical violation of th elaw under which pure food experts are employed. The committee wants to know what the Remson board has cost the government, what work it has accomplished, what recommendations it has made and what has been done with those recommendations.

Part of the papers asked for last week in connection with the Wiley charges were received today. The others are with President Taft and if these are available before the Remson papers, the committee probably will immediately proceed with the Wiley charges.

The Remson board was appointed by President Roosevelt especially to decide the famous benzoate of soda case. Dr. Wiley held that it was injurious to health and that its use in food preparation and preservation should not be allowed. The Remson board held that when used in certain small quantities benzoate of soda could not be considered harmful.

PEACE JUBILEE AT MANASSAS.

Union and Confederate Soldiers—Taft There Today.

Manassas, Va., July 20.—Reply was made tonight to those who have criticised the peace jubilee of the Union and Confederate veterans here by a number of speakers at the camp fire which closed the progress for the day. Among the speakers were veterans on both sides in the Civil War, and Albert Kern, of Dayton, Ohio, was cheered when he declared that the Southern people deplored the attitude of those in the North "who never smelled gunpowder," but who strove to keep alive the animosities of the sixties.

Elaborate plans were made for the reception tomorrow of President Taft, Governor Mann and other distinguished visitors. The organization of the "Society of the Blue and Gray and Their Sons", also was completed today, a large number of Union and Confederate veterans being enrolled as members.

WOMAN'S DESPERATION.

Ran Away from Henderson to Get to Her Dead Child.

Raleigh, N. C., July 20.—Mary E. Kennedy, having in her hand a telegram from her husband reading, "Baby is dead, come at once," tottered off the Seaboard Air Line train from Henderson this afternoon at the union station here and told the matron that in despair she had taken poison. Physicians found the dose was not fatal and allowed her to go on to Goldsboro. She wore only stockings on her feet and clad in low-cut black, house dress, said that she had been ill and friends she stayed with at Henderson while her husband went to Seven Springs with the child in the hope of saving its life, opposed her going to Goldsboro where the dead child was, so she ran away, begged the ticket agent for a ticket to Goldsboro, which she had.

FRAUD IN ELECTION.

Charged That 1,000 Illegal Poll Tax Receipts Were Issued.

Houston, Texas, July 20.—Charges that about 1,000 illegal poll tax receipts have been issued in this, Harris county, for Saturday's State-wide prohibition election, were taken under investigation today by the grand jury. The charges were made by T. H. Bell, State chairman of the prohibition campaign committee.

STRUGGLE BETWEEN FLEETS.

Off Coast of Rhode Island—Interesting Problems Worked Out.

Block Island, R. I., July 20.—Which ever side won the two days' struggle between two fleets of the United States navy for the possession of the southern approach to Boston and the eastern entrance to New York through Long Island sound, the officers and men in the two fleets obtained much valuable information,g while many interestin problems were worked out and partially solved by the naval taticians.

After the reports of all the umpires have been received and digested by authorities in the Navy Department, the actual result accomplished probably will be more definitely known.

The commanders of the two fleets, Rear Admiral Hugo Osterhaus, of the "Blue," attacking squadron, which sought to gain an approach to the two cities, and Commander E. W. Eberle, of the "Red," defending squadron, which tried to block the plan and destroy the battleships, each claims a victory, and says that the "enemy" was defeated and destroyed.

It is apparently true that the two fleets were engaged from daylight yesterday until half an hour after midnight last night over a stretch of water covering a radius of about 25 miles from this island. The principal fighting seemed to be, to the north and eastward. Throughout the maneuvers no powder was burned, although all the ships were cleared for action.
